Basketball Referee 101 HowExpert, Steven Michaluk, 2019-06-07 There are many reasons to officiate basketball but how do you do it Officiating is about the sport but it is also about the journey Sure you can do things that are easy in life but what fun is that Officiating is just plain hard to do but the rewards you ll receive are worth it In this book you ll learn what it takes to be an official and how to learn You can take these tips and use them in any facet of life but here you ll learn the true secrets to becoming a great basketball referee What do you do with all that extra income from being a referee Unfortunately it isn t as easy as walking away with a check and taking it to the bank but you can learn to manage your extra income and make it work for you If you want to learn the ins and outs of being a successful referee start here Having a mentor and bringing home an extra pay check aren t the only things you need to know Use these tips to help you start your journey to success About The Expert Although he wouldn t be comfortable with the term expert Steven Michaluk is no slouch on the basketball court With 6 years of on court experience in high school and 2 years working college basketball he has proved his worth and is continuing to climb Steven currently works high school basketball in Virginia and NCAA women s basketball Although this book is about his passion in officiating he has a few others he could write books about enjoying time with his wife and dog at home teaching 5th grade and playing golf HowExpert publishes quick how to guides on all topics from A to Z by everyday experts

Balls and Stripes Richard Shellhorn, 2018-03-01 Balls and Stripes is a collection of stories about Alaska s most popular sport basketball and more The title comes from my many experiences playing coaching and broadcasting Naismith s game as well as refereeing the sport and also wearing the stripes of a sergeant in the U S Army Basketball has taken me all over Alaska with radio gear or whistle in hand From Barrow to Petersburg from Dutch Harbor to Tok it has been a marvelous journey with countless amusing experiences as well as dramatic moments Much of the action occurs in my hometown Cordova A small fishing town of 2500 located on Prince William Sound its denizens are passionate about their hoops and also their rivalry with Valdez located just 70 miles away In many ways sports transcend location Small town basketball is the same anywhere yet Alaska with its vast spaces and dramatic climates offers unique experiences In northernmost Barrow I

watched Inupiat cooks shut down a high school cafeteria so they could glimpse the sun for the first time in 67 days on the way to Dutch Harbor I heard a pilot announce the reassuring words that he would land the small prop plane whenever we can to load on fuel necessary to complete the flight in Petersburg I learned about julebukking and Men s Night Out Refereeing always a source of potential controversy has provided its share of highlights How many officials can claim fame for calling a technical foul on a curtain or playing the first minutes of a championship game with the wrong size ball Football and baseball are also included Guess who brought Oregon State s mascot Benny the Beaver to Cordova s Iceworm Festival and dodged barbed wire while tracking down a fly ball in Korea And like so many others who can not recall in vivid detail a last second shot that didn t go in People places moments Sports drama tears and cheers It s all here [Nfhs 2009-10 Basketball Rules Simplified & Illustrated](#) Nfhs Publications,Referee,2009-08-01 Basketball Simplified Illustrated is a supplement to the Official NFHS Basketball rules book It is designed to make officiating easier through the uniformity of interpretations and rulings and standardization of mechanics for game administration Designed to help you visualize the NFHS rules through the use of Referee s life like PlayPic and MechaniGram illustrations Basketball Rules Simplified Illustrated will help you better understand the rules and how to apply them Basketball Simplified Illustrated provides you with a visual answer to the questions raised by new rules and presents a visual representation to aide officials in their understanding of the NFHS Basketball rules Whenever possible the illustrations are presented to cover the Points of Emphasis identified by the NFHS Basketball Rules Committee as well as any changes or clarifications directed by the committee Basketball Simplified Illustrated is the perfect supplement to the NFHS Basketball rules book and is a great study guide for young and experienced officials alike [Performance Without Compromise](#) Raymond McClure,2019-06-20 Accuracy is not debatable This book is a call for commitment by Officials to a proper performance while making consistent accurate rulings My motivation for this book comes from the fact that I have an absolute genuine concern about THE GAME and I have for a long time My concern comes from my belief that officiating basketball is not as difficult as so many among us make it out to be Much of what I was taught during the first half of my career had no rules support was vague came with poor advice and were even philosophical Those clinicians and trainers who trained me were terrific individuals with a noble effort to teach me the right way However there sure seemed to be many right ways Their training was also filled with too much about the tricks of the trade and not enough about the trade I was never instructed to trust the rules Over the last four decades we have become conditioned to accept less and less in the name of style philosophy and appearance We must get all Officials committed to enforcing the rules and they can t do that if they don t know them This book is long overdue because it is my attempt to let the basketball world hear the words of Peter Webb my mentor and the most knowledgeable person on the planet on the topic of basketball officiating We know you ll enjoy and benefit from reading this officiating textbook
