The Nikon Creative Lighting System, 3rd Edition Mike Hagen,2015-05-30

An Introduction to the Nikon Creative Lighting System Alan Hess,2013-12-18 The most important aspect of

capturing a quality image isn't the camera you use the aperture settings the shutter speed or the ISO it's the light. With this ebook you will learn how to enhance the light in your images by using the Nikon Creative Lighting System CLS which allows you to easily take great photos with natural looking light using a flash either on or off camera. You'll learn how to wirelessly control the amount of light of the remote flashes right from the camera control an unlimited number of flashes and use the flashes in up to three different controllable groups. If you have a relatively recent model of a higher end consumer Nikon camera and a Speedlight chances are you are ready to go. Follow along with Alan and you will learn your way around all the components of the CLS system including cameras flashes and flash accessories. Develop an understanding of flash photography and learn the basics of getting the best results using Basic Flash Fill Flash and Sync Modes. Master the mechanics of setting up multiple flashes to build up the light in an image. Explore advanced flash setups learning to control an unlimited number of remote flashes and work with more complex lighting setups.

Photographing Outdoor Sports Alan Hess, 2014-03-14. This is a book about photographing outdoor sports not as a professional working for a major sports publication or website but as a parent or friend trying to capture a great memory. In *Photographing Outdoor Sports* author and photographer Alan Hess demonstrates that the key advantage of shooting outdoor sports during the day is that you have plenty of natural light at your disposal allowing you to use those action stopping shutter speeds without having to rely on really high ISO settings. Along the way he covers the basics you need to know about shooting outdoor events selecting the right shutter speed to freeze the action picking the aperture to make the subject pop out of the frame and using the right gear to get close to the action. Follow along with Alan and you will learn your way around the gear you need to take great sports photos such as camera lenses teleconverters and other extras. Develop an understanding of when and what to shoot. Learn the basics of photographing several sports including softball football track and field and more. Explore post processing techniques to add impact such as cropping color correction and sharpening your images.
