

NMMU honours three icons

Herald Reporter

THREE formidable Nelson Mandela Bay residents were honoured at the annual NMMU Council Prestige Awards last night for their immense contribution to the greater university community.

Late unionist and workers' rights activist Phumzile John Gomomo, former NMMU council member Cumingee Gawe and internationally renowned motivational speaker Alison Botha are this year's recipients of the awards.

The awards, conferred on individuals who have shown immense commitment and broken ground in their respective fields, were presented by NMMU council chair Judge Ronnie Pillay.

Gawe, 77, was lauded for his loyalty and dedication to the university and its predecessors over the years, through his long and sustained involvement with the institution.

The former Uitenhage mayor was elected to serve on NMMU's interim council in 2005 and then served as an Alumni Association member to the university council from 2005 to this year.

During his tenure as council member, Gawe was elected deputy chairman for every term of office he served.

He resigned in February due to ill

health. "My relationship with the university is longstanding – from being a student to a council member," he said.

"I've cherished the ideals that Nelson Mandela stood for – access to education, equality, among others – and I am deeply humbled by this wonderful gesture."

He praised Pillay and vice-chancellor Professor Derrick Swartz for their leadership during trying times in higher education.

The council honoured Botha, 49, for her commitment to empowering others to transcend their circumstances, overcome life's difficulties and stand strong in the face of adversity.

The former Collegiate Girls' High School head girl is renowned the world over for her incredible story of miraculously surviving a horrendous abduction and rape ordeal, in which she was stabbed multiple times, disembowelled and left for dead.

She later shared her story in her book *I Have Life* and travelled the world sharing her positive message.

In 1995, Alison was awarded the prestigious Rotarian Paul Harris Award for "Courage Beyond the Norm".

In the same year she was the first recipient of Femina magazine's "Wo-

man of Courage" award as well as being Port Elizabeth's Citizen of the Year.

"Coming here, I thought: What did I do to deserve this? But it's all part of the butterfly effect. A small act here can have a bigger impact," she said.

"The support I got from Port Elizabeth at the time was phenomenal, but even more than that is how telling my story has helped others."

Gomomo, who would have turned 70 next Friday, was lauded for his dedication and unwavering commitment to addressing the rights of workers.

He joined Volkswagen SA in 1963 and studied labour relations at the former UPE.

He was chairman of the Volkswagen liaison committee in the early 1970s and was instrumental in the formation of Cosatu and Numsa.

He became an ANC MP and chairman of the portfolio committee on public service and administration in 1999.

He died in Uitenhage in 2008.

"This is the first time that my father is being lauded for his work," Gomomo's son Vuyani Gomomo said.

"Not even the organisations he served tirelessly have honoured him.

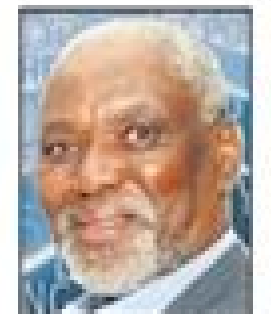

"As a representative of the family, we thank you for this."

Webb,2024-08-20 South Africa s higher education sector is rooted in the country s divided past A significant State driven restructuring from around 1997 to 2005 resulted in what is largely the current configuration of public universities But just over two decades later for a variety of reasons the higher education sector in South Africa appears beset with numerous challenges Nelson Mandela University is one of the public universities that emerged from the restructuring process The university is in an ongoing state of evolution of becoming It developed out of the amalgamation of the University of Port Elizabeth Port Elizabeth Technikon and incorporation of the Port Elizabeth campus of Vista University as Nelson Mandela Metropolitan University in 2005 In 2017 it was renamed Nelson Mandela University after the world renowned statesman rather than the metropolitan area in which the university is primarily located The renaming was conceptualised as more than a marketing opportunity to rebrand the university but as an opportunity to reorientate the university to reposition Nelson Mandela University as an engaged and socially embedded university in the service of society striving to be the academic expression of the values and ethos of its iconic namesake Endeavouring to be something greater and different from the norm imbues its strategy public statements and practices The determination to achieve Mandela University serves or is intended to serve as both an organising principle and a lodestar A cross section of writers from different backgrounds situates Nelson Mandela University within the contemporary historical moment from which it emerged and examines its subsequent

evolution While Nelson Mandela University has performed the usual work expected of any university it has also sought to turn the university outwards to achieve a higher purpose framing itself as a values based university on a journey to become something else In Achieving Nelson Mandela University the university attempts to give an account of itself The book is an intellectual and scholarly reflection on where the university has come from and where it is seeking to go Crystallizing
