With Ryanair's continuous focus on driving down costs, additional 200 million passengers yearly on board, it is to be reviewed and analysed to consider what can be done to improve operational performance.

As a manager, setting KPI's across the whole business structure is integral to ensure that operational efficiencies, growth and business goals are met. In general, for Ryanair this is by minimizing any additional costs, maximizing seat utilization.

Setting the KPI's can help measure and ensure on-time Performance, being punctual to minimize turnaround time, enhancing operational efficiency and increasing customer experience as well as maintaining a low-cost model.
