Ocr Core 1 January 2014 Paper:

Digitizing Flat Media Joy M. Perrin, 2015-12-16 Here is a concise guide to the nuts and bolts of converting flat media books papers maps posters slides micro formats etc into digital files It provides librarians and archivists with the practical knowledge to understand the process and decision making in the digitization of flat media Instead of having to learn by trial and error they will get a well rounded education of the practical aspects of digitization and have a better understanding of their options This is the stuff they don't teach you in school People can be lured into thinking that all it takes to digitize something is a scanner and some metadata This guide illustrates the practical aspects of digitization such as the physical challenges of scanning books without cutting the spine the differences between a scanner that uses a scanning head vs a scanner that uses a camera the different options for workflow for digitized items and the reasons for choosing one scanner over another for reasons other than price Digitizing Flat Media Principles and Practices is intended to give librarians and archivists the benefit of a seasoned digitization professional guiding them and helping them figure out exactly what needs to be done when

Laws of Medicine Amirala S. Pasha, 2022-09-07 This book provides an overview of the US laws that affect clinical practice for healthcare professionals with no legal background Divided into thirteen sections each chapter starts with a summary of the chapter's content and relevant legal concepts in bullet points before discussing the topics in detail An application section is provided in many chapters to clarify essential issues by reflecting on clinically relevant case law or clinical vignettes Filling a crucial gap in the literature this comprehensive guide gives healthcare professionals an understanding or a starting point to legal aspects of healthcare

Our Enduring Values Revisited: Librarianship in an Ever-Changing World Michael Gorman, 2015-03-16 In the almost 15 years since Our Enduring Values was published there has been a sea change in the way much of the world thinks about and uses libraries Young librarians and seasoned LIS professionals alike are experiencing increasing pressure to adjust to new economic societal and technological demands amidst the often dire rhetoric currently surrounding the future of our institutions In this stirring manifesto public intellectual librarian and philosopher Gorman addresses head on the existential panic among library professionals caused by the radical shift in how libraries are viewed He reconnects readers with the core values that continue to inspire generations of library professionals and scholars while making the case that these values are doubly crucial to hold on to in the brave new shifting world of librarianship Destined to become another classic of library literature this book explores such contemporary issues as The growing emphasis of the library as a cultural institution placing libraries within their cultural context as gathering places

for learning access to information and communityThe impact of technological innovations on core values such as access and stewardshipLibrary places and spaces of the futureHow the mass digitization of books archives and other materials affects the purpose and function of librariesIntellectual freedom and privacy in the era of the PATRIOT Act Wikileaks and Edward SnowdenThe role of libraries as both champions and facilitators of social justiceInspirational yet clear sighted Gorman emphatically reaffirms the importance of libraries and librarians while proposing a path for future survival and growth
