

## Depression Essay

Depression is a very big topic to discuss. The most commonly asked questions are: What is depression, and what disorders are related to depression? How common is depression? Is it serious? What treatment is used? And, What kind of symptoms should a person be looking for?

Depression is more than the everyday ups and [downs](#). You know when a person is depressed when their sad feelings interfere with their [everyday life](#). Depression doesn't only affect feelings, but can change behavior, physical health and appearance, academic performance, social activities, and the ability to make decisions that are face every day. The causes of depression are still unknown, but researchers have found a genetic link between most depressive disorders. [...show more content...](#) People who don't think that teens could suffer from depression are wrong, depression can affect people of any age, race, ethnic or economic group. One out of every twenty-five teens suffers from depression. Depression can be very [serious](#). It has been noted that depression can be linked to poor school performance, alcohol and drug abuse, running away, and feelings of worthlessness and hopelessness. Over the past twenty-five years, researchers have found that the rate of suicide among teenagers and young adults has increased dramatically. Suicide is often linked to depression. Some say that talking about depression only makes it worse. The truth is that talking to someone about your feelings can help you realize that professional help is needed. By showing concern and support, you can encourage someone to talk to a trusted person. Depression is treatable. Between eighty and ninety percent of people with depression can be helped. For the more serious cases of depression antidepressant medications and psychotherapies can be used. For the milder, less serious cases, psychotherapy may be enough by itself. Antidepressants are used for symptom relief and psychotherapy is used to learn more effective ways to deal with everyday problems through talking. In most cases psychotherapy is done in ten to twenty week sessions. Therapists focus on the patients' disturbed personal relationships. In cases where the patients' symptoms don't progress with in

Reynolds,Hugh F. Johnston,2013-11-22 Anyone who has ever been close to a seriously depressed child has undoubtedly been affected by the youngster s vulnerability misery and pain Indeed it is much like caring for a child who is in physical pain For the child in the depths of depression no activity is fun nothing can be enjoyed and no one can provide enough consolation or comfort At times the youngster may cry or whimper There may be fits of defiance or rage and sometimes withdrawal into a numb sullen silence A child in this state tries the patience of parents and siblings Remedies of every sort are tried including gifts punishments bribes lectures pleading and a host of others Such efforts occasionally provide temporary relief but more often they seem to make matters worse Commonly there is an emotional wall of anger and frustration between a depressed child and other family members that may inevitably lead to further isolation and withdrawal If too much time passes without their being helped many depressed children and adolescents come to believe that suicide offers the only real relief for their pain Currently there is a Depression Awareness Week that includes free screening at participating health and mental health settings around the United States and is designed to identify depression in adults suggesting that society s awareness of depression and psychiatric disorders is focused to a large extent on adults Fundamentals of Social Work Research Rafael J. Engel,Russell K. Schutt,2009-10-09 Fundamentals of Social Work Research is a briefer but thoroughly re worked version of the Engel and Schutt s The Practice of Research in Social Work 2e which will provide an engaging text for introductory social work research classes The Practice of Research in Social Work introduced research methods as an integrated set of
