Everything to Play For Marijam Did,2024-09-17 An insider s account of the videogame industry telling how gaming can become a force for good Everything To Play For asks if videogames can achieve egalitarian goals instead of fuelling hyper materialist reactionary agendas Combining cultural theory and materialist critiques with accessible language and personal anecdotes industry insider Marijam Did engages both novices and seasoned connoisseurs From the innovations of Pong and Doom to the intricate multiplayer or narrative driven games the author highlights the multifaceted stories of the gaming communities and the political actors who organise among them Crucially the focus also includes the people who make the games shedding light on the brutal processes necessary to bring titles to the public The videogame industry now larger than the film and music industries combined has a proven ability to challenge the status quo With a rich array of examples Did argues for a nuanced understanding of gaming s influence so that this extraordinary power can be harnessed for good

Project(ing) Human: Representations of Disability in Science Fiction Courtney Stanton,2023-05-30 This edited volume examines representations of disability within popular science fiction using examples from television film literature and gaming to explore how the genre of science fiction shapes cultural understanding of disability experience Science fiction texts typically grapple with concepts such as transhumanism embodiment and autonomy more directly than do those of other genres In doing so they raise significant questions about the experience of disability More broadly they often convey the place of disability in not only the future but also the world of today Through critical research the chapters within this interdisciplinary collection explore what science fiction texts convey about the value of disability whether it be through disabled characters biotechnologies or more broadly conceptions of an idealized future Chapters are grouped thematically and include discussions of the intersections of disability with other identity groups the interplay of disability and market capitalist value and how disability shapes current and future definitions of human ness agency and autonomy This full volume builds on current research regarding the relationship of disability
