Lester, James D. Lester (Jr.), 2002 This money saving package includes the 12th edition of Insurance Handbook for the Medical Office Text and Workbook **Biographical Research in Eastern Europe** Robert Miller, 2017-11-22 This title was first published in 2003 The transition from socialism experienced by the countries of Eastern and Central Europe during the last decade has been recognised as a profound historical watershed It is only now however that the meanings and dimensions of post socialism are

becoming apparent The use of the biographical perspective in research provides a unique avenue for studying these changes Biographical Research in Eastern Europe is the only edited volume that brings the work of many of the most advanced and active biographical researchers working on Eastern Europe together in one volume The book is organized into four parts The Potential of Biographical Research explores the methodological issues Arguments for the appropriateness of the biographical approach as a humanistic perspective are put forward and emphasis is laid on its fruitfulness for research into everyday lives and for the study of identity construction with particular reference to transition Communists Informers and Dissidents deals with the structural features of Soviet regimes with a particular focus on the problematic divisions between public and private spheres of life The Impact of Social Change demonstrates the value of the biographical approach as an instrument for the study of social and cultural change Exile Migration and Ethnicity centres on the problem of constructing and maintaining ethnic identities under repression a context that can be seen as disturbing life trajectories and framing the life story Covering a wide range of post socialist countries the chapters are unified by a common research perspective and an informative introduction that identifies common themes across the selections SAGE Biographical Research John Goodwin, 2012-06-25 Biographical research may take a range of forms and may vary in its application and approach but has the unified and coherent aim to give voice to individuals The central concern of this collection is to assemble articles from sociology social psychology education health criminology social gerontology epidemiology management and organizational research that illustrate the full range of debates methods and techniques that can be combined under the heading biographical research Volume One Biographical Research Starting Points Debates and Approaches explores the different biographical methods currently used while locating these within the history of social science methods Volume Two Biographical Interviews Oral Histories and Life Narratives focuses on the more established interview based biographical research methods and considers the analytical strategies used for interview based biographical research Volume Three Forms of Life Writing Letters Diaries and Auto Biography considers the value of data contained within letters diaries and auto biography and illustrates how this data has been analyzed to reveal biographies and their social context Volume Four Other Documents of Life Photographs Cyber Documents and Ephemera focuses on the other human documents and objects like photographs cyber documents emails blogs social networking sites webpages and other ephemera such as official documents that are used extensively in biographical research **The High School Student's Guide to Writing a Great Research Paper** Erika Eby, 2013 Presents a guide to writing a research paper covering such topics as finding sources taking research notes creating an outline writing the first draft and completing the final version **The Biographical Turn** Hans Renders, Binne de Haan, Jonne Harmsma, 2016-09-13 The Biographical Turn showcases the latest research through which the field of biography is being explored Fifteen leading scholars in the field present the biographical perspective as a scholarly research methodology investigating the consequences of this bottom up approach and illuminating its value for different

disciplines While biography has been on the rise in academia since the 1980s this volume highlights the theoretical implications of the biographical turn that is changing the humanities Chapters cover subjects such as gender religion race new media and microhistory presenting biography as a research methodology suited not only for historians but also for explorations in areas including literature studies sociology economics and politics By emphasizing agency the use of primary sources and the critical analysis of context and historiography this book demonstrates how biography can function as a scholarly methodology for a wide range of topics and fields of research International in scope The Biographical Turn emphasizes that the individual can have a lasting impact on the past and that lives that are now forgotten can be as important for the historical narrative as the biographies of kings and presidents It is a valuable resource for all students of biography history and historical theory
