The Good, the Bad, and the Godawful Kurt Loder, 2011-11-08 The former Rolling Stone writer and MTV host takes off from classic Roger Ebert and sails boldly into the new millennium Millions grew up reading the author's record reviews and watching him on MTV's The Week in Rock In this collection of more than 200 movie reviews from MTV.com and more recently the Reason magazine Website plus sidebars exclusive to this volume Loder demonstrates his characteristic wry voice and finely honed observations The author shines when writing on the best that Hollywood and indie filmmakers have to offer and his negative reviews are sometimes more fun than his raves This freewheeling survey of the wild the wonderful and the altogether otherwise is an indispensable book for any film buff

The Palgrave Handbook of Contemporary Gothic Clive Bloom, 2020-07-10 Simply put there is absolutely nothing on the market with the range of ambition of this strikingly eclectic collection of essays Not only is it impossible to imagine a more comprehensive view of the subject most readers even specialists in the subject will find that there are elements of the Gothic genre here of which they were previously unaware Barry Forshaw Author of British Gothic Cinema and Sex and Film The Palgrave Handbook of Contemporary Gothic is the most comprehensive compendium of analytic essays on the modern Gothic now available covering the vast and highly significant period from 1918 to 2019 The Gothic sensibility over 200 years old embraces its dark past whilst anticipating the future From demons and monsters to post apocalyptic fears and ecological fantasies Gothic is thriving as never before in the arts and in popular culture This volume is made up of 62 comprehensive chapters with notes and extended bibliographies contributed by scholars from around the world The chapters are written not only for those engaged in academic research but also to be accessible to students and dedicated followers of the genre Each chapter is packed with analysis of the Gothic in both theory and practice as the genre has mutated and spread over the last hundred years Starting in 1918 with the impact of film on the genre's development and moving through its many and varied international incarnations each chapter chronicles the history of the gothic milieu from the movies to gaming platforms and internet memes television and theatre The volume also looks at how Gothic intersects with fashion music and popular culture a multi layered multi ethnic even a trans gendered experience as we move into the twenty first century

Filming the Children's Book Hermansson Casie Hermansson, 2018-12-19 Just as a work of self reflexive metafiction and the experience of reading it differ from other types of literature the work and the experience of viewing films that adapt metafiction are distinct from those of other films and from other film adaptations of literary works This book explores the adaptation of children's metafiction including works such as Inkheart The Invention of Hugo Cabret and the Harry Potter series Not only are the plot devices of books and reading explored on screen in these adaptations but so is the nature of transmedial adaptation itself the act of representing one work of art in another medium Analysing the work done by children's metafiction and the experience of reading it Casie E Hermansson situates the adaptations of these types of books to film within contemporary adaptation criticism

And Then? And Then? What Else? Daniel Handler, Lemony Snicket, 2024-05-21 You never love a book the way you love a book

when you are ten Writing as Lemony Snicket Daniel Handler has led several generations of young readers into that special and curious space of being hopelessly lost and joyfully finding yourself in the essential strangeness of literature The wondrous and perilous journey of the Baudelaire orphans sprung from the author's own path from his childhood discovery of Baudelaire's poetry through the countless peculiarities of his pursuit of a literary life abject failure and startling success breakthrough and breakdown concordance and controversy lit along the way by the books and culture he loved best At once a personal memoir and a literary exploration a how to book and a critical inquiry a sequence of stories and a series of events And Then And Then What Else is a book not just for anyone curious about the creator of Lemony Snicket but for anyone who loved books when they were a child and still loves them now The Sex Column and Other Misprints David

Langford,2005-07-01 A collection of columns by the author some previously published in SFX magazine **A Series of Unfortunate Events: The Ominous Omnibus (Books 1-3)** Lemony Snicket,2005-03-29 Within the pages of this omnibus readers will discover all three books upon which the movie Lemony Snicket's A Series of Unfortunate Events is based The Bad Beginning The Reptile Room and The Wide Window Like the movie this thick volume tells an unhappy tale about three very unlucky children who despite being perfectly well mannered are perfectly ill fated From the very beginning of Book the First when the children learn of a terrible fire continuing on to the last page of Book the Third disaster lurks at their heels Unlike the movie however this book can be hidden under a bed where no one will ever see it again *Film Review* ,2005

Serialization in Literature Across Media and Markets Sara Tanderup Linkis,2021-12-24 Serialization is an old narrative strategy and a form of publication that can be traced far back in literary history yet serial narratives are as popular as ever This book investigates a resurgence of serial narratives in contemporary literary culture Analyzing series as diverse as Mark Z Danielewski's experimental book series The Familiar audiobook series by the Swedish streaming service Storytel children's books by Lemony Snicket and Philip Pullman and their adaptations into screen and serial writing and reading on the writing site Wattpad the book traces how contemporary series at once are shaped by literary tradition and develop the format according to the logics of new media and digital technologies The book sheds light on the interplay between the selected serials narrative content and medial social and economic contexts drawing on insights from literary studies literary sociology media studies and cultural studies Serialization in Literature Across Media and Markets thus contributes a unique and interdisciplinary perspective on a historical phenomenon that has proved ever more successful in contemporary media culture It is a book for researchers and students of literature and media and for anyone who likes a good series and wants to understand why **U.S. News & World Report** ,2000
