The Great Gatsby and the Unachievable American Dream

F. Scott Fitzgerald's *The Great Gatsby* was published during the Roaring '20s, in the midst of an economic boom that brought about a new wave of consumerism. Flappers were partying, Prohibition backfired, and everything was full of prosperity (Brucoli). This is the best time possible for a novel like *The Great Gatsby* to be set. It's full of lavish parties, mysterious hosts, and character flaws. However, the most important 1920s occurrence tackled by Fitzgerald is the American Dream, the concept of material prosperity being of much value. The cast of *The Great Gatsby*, aside from Nick Carraway, is blinded by its possessions, to the point where the American Dream keeps them in a chokehold.

For example, Daisy Buchanan, the main object of Gatsby's affection, is as materialistic and shallow as they come. For the entire duration of *The Great Gatsby*, she wears a sweet face, but behind the façade, she is nothing, just a woman so brutally desiring what the American Dream promises. Amy Green points out that *Gatsby* leads to "the American Dream . . . [finding] itself subject to scrutiny," after having been "revered as an attainable, an almost holy icon of American culture" (Dickstein). Critic H.L. Mencken believed *Gatsby* was "'no more than a glorified anecdote,' finding the overall plot arc lacking in depth" (Dickstein). This can be considered true when you look at the cast of characters in the novel. It can be inferred, however, that Fitzgerald intended to make these characters so lacking in depth to make a statement about materialism and its harsh effects.
