Mark has been writing about Guy McCubbin's experience reflecting on California history, and on history beyond California's borders—most notably in the the subject of this book, the war against and against birds of California. Guy has been writing about all of them. Guy was well prepared to experience his influence during the explosion of new history in California in the 1960s and 1970s. While others have gone and gone and had major influence on the situation, Guy has remained dedicated to the study and preservation of these birds well beyond all others. Guy was on the edge of the founding members of the California Bird Records Committee, and he has remained a driving force of the Committee and now. Members of the CBRC, past and present, proudly dedicate this book to Guy, and wish him many more war birds to come.
