Multi-level management structures is generally only implemented following a period of time in which the company has been able to develop the capability to manage with sufficient information processing capacity. The general stages, illustrating the progression to the point at which information systems are implemented, are the same as progression of the organization's growth, and the timing may vary greatly. However, studies on several case studies on timing of using such systems, and values about systems, only confirm the general pattern. The companies have the following characteristics:
