

THE ROMAN EMPIRE IN THE FIRST CENTURY

Rome Lesson Plan 4: Mapping an Empire

Introduction:

In this lesson, students will compare a map of the Roman Empire in 44 BC with one of the Roman Empire in 116 AD. Using these two maps as a reference, students will use critical reading skills to learn about the expansion of the Roman Empire during that time period. Relying on the resources available on The Roman Empire in the First Century Web site [<http://www.pbs.org/empires/romans/index.html>], students will learn about which countries/ territories were conquered by each Roman emperor. After reviewing basic map skills and information, students will use the data collected to construct their own maps documenting the historical expansion of the Roman Empire. They will then use the data represented on the map to draw conclusions about the effectiveness of specific emperors as well as the positive and negative aspects of expanding the Roman Empire so much in such a short time.

Subject Areas:

World History, Social Studies, Geography, and Communication Arts

Grade Level: 6-12

Lesson Objectives:

Students will:

1. Compare two different maps and make estimates about the growth of the Roman Empire during the first century.
2. Use primary source materials to gather facts about the expansion of the Roman Empire including the names of conquered countries/territories, the approximate date these lands were added to the empire, and which emperor was responsible for these expansions.
3. Participate in a review of map skills and the key components of maps to prepare for creating their own maps.
4. Work in pairs to create maps that show the historical expansion of the Roman Empire between 44 BC and 116 AD.
5. Analyze the maps they have created to draw conclusions about the expansion of the Roman Empire and how its size may have contributed to its downfall.
6. Complete a series of written response questions with their partner based on their analysis of the map they created.
7. Participate in a class discussion about the expansion of Rome using the conclusions they reached from analyzing the map and their answer to the written response questions.
