## **Romans Commentary And Translation:**

Romans Joseph A. Fitzmyer, 2007 World class biblical scholar author Fitzmyer has written a masterful study on Paul's Epistle to the Romans that will rival the great commentaries on Romans by Martin Luther and Karl Barth Fitzmyer is the author of the popular Anchor Bible commentaries on the Gospel according to Luke *Commentary on the Epistle to the Romans, Books 1-5* Origen, 2009-09 Origen of Alexandria's Commentary on the Epistle to the Romans is the oldest extant commentary on Romans ca 246 This volume presents the first English translation of the commentary covering his exegesis of Rom 1:1 to 6:11 One of his longest and most mature works it is the only commentary of Origen available in a coherent form from beginning to end The work was originally composed in Greek in Caesarea but only fragments of the archetype have survived Fortunately Origen's admirer Rufinus of Aquileia translated the work into Latin ca 406 Origen's exegesis predates the controversy between Augustine and Pelagius by 170 years thus it offers a striking perspective on Romans Opposition to Gnostic interpretations of Paul is an important characteristic of the commentary Above all Origen defends the Church against the doctrine of natures the belief that all human beings are born with unalterable natures either good or evil and thus bound for either salvation or damnation and that their conduct during this life cannot alter their destiny Origen successfully refutes this teaching showing that freedom of will always abides in rational beings Provoked by Marcion's repudiation of the Old Testament Origen emphasizes the harmony between Gospel and Law He highlights as one of Paul's main themes in Romans the transfer of religion from Judaism to Christianity from the letter to the spirit in terms both of salvation history and of the transformation of the individual Origen claims that the key to unlocking Romans is understanding Paul's use of homonyms identical expressions such as law Jew circumcision death etc with divergent meanings Books 6-10 of the commentary presenting Origen's interpretation of Rom 6:12 to 16:27 will be the next volume published in the Fathers of the Church series

this nature a rule to guide my interpretations or my explanation and defence of them I know of no precept in the ory nor any obligation from usage which hinders an interpreter from reasoning upon the doctrines which the Scriptures appear to teach or which they have been represented as teaching How can it be one s duty not to guard against the misrepresentation of his own views in respect to the meaning of Scripture and not to defend those views by producing the arguments which appear to justify them About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
