Rhetorical Analysis of Cory Doctorow's

"Why I Won't Buy an iPad (and Think You Shouldn't, Either)"

Cory Doctorow's article on *BoingBoing* is an older review of the iPad, one of Apple's most famous products. At the time of this article, however, the iPad was simply the latest Apple product to hit the market and was not yet so popular. Doctorow's entire career has been entrenched in and around technology. He got his start as a CD-ROM programmer and is now a successful blogger and author. He is currently the co-editor of the *BoingBoing* blog on which this article was posted. One of his main points in this article comes from Doctorow's passionate advocacy of free digital media sharing. He argues that the iPad is just another way for established technology companies to control our technological freedom and creativity. In "Why I Won't Buy an iPad (and Think You Shouldn't, Either)" published on Boing Boing in April of 2010, Cory Doctorow successfully uses his experience with technology, facts about the company Apple, and appeals to consumer needs to convince potential iPad buyers that Apple and its products, specifically the iPad, limit the digital rights of those who use them by controlling and mainstreaming the content that can be used and created on the device.

The purpose of the article is to convince consumers that the iPad is not a worthwhile thing to buy because it has very limited uses outside of the set content, as well as technological problems and the potential to quickly become obsolete. Cory Doctorow wrote this article stating his negative opinion of the iPad in the wake of enormous media hype over the iPad's release. Apple has proclaimed the iPad as a technological revolution, but Doctorow disagrees. He made

Okun, 2015-06-11 Increasingly writing handbooks are seen as over produced and overpriced One stands out *The Broadview Guide to Writing* is published in an elegant but simple format and sells for roughly half the price of its fancier looking competitors For the sixth edition the coverage of MLA APA Chicago and CSE styles of documentation has been substantially expanded as well as updated Also expanded is coverage of academic argument of writing and critical thinking of writing about literature of paragraphing of how to integrate quoted material into one s own work of balance and parallelism and of issues of gender race religion etc in writing The chapter Seeing and Meaning Reading and Writing About Visual Images is entirely new The online materials including the selection of interactive exercises have also been revised considerably **The ESL Writer's Handbook, 2nd Ed.** Janine Carlock, Maeve Eberhardt, Jaime Horst, Lionel Menasche, 2017-12-20 The ESL

Writer's Handbook is a reference work for ESL students who are taking college level courses. Because its purpose is to provide help with the broad variety of writing questions students may have when working on school assignments, the text focuses on English for Academic Purposes. Unlike other handbooks on the market, this book's sole purpose is to address the issues of second language learners. The spiral bound Handbook complements a student writer's dictionary, thesaurus, and grammar reference book. It would be suitable as a text for an advanced ESL writing course when used together with the companion Workbook 978 0 472 03726 1. The new edition features significant revisions to Sections 3 and 4; in particular, both APA and MLA style guides have been updated, and new sample papers for each are included. The new edition includes new and revised exercises and many new samples of student writing. Like its predecessor, the 2nd Edition has these special features. The topic selection is based on ESL writers' needs as observed by the authors over many years. The coverage of topics is more complete than the limited amount usually provided for ESL writers in first language or L1 handbooks. The explanatory language is appropriate for ESL students in contrast to the more complex and idiomatic language of other English handbooks. Many of the examples of paragraphs, essays, research papers, and exercise sentences were written by ESL students to help users realize that they too can become effective writers.

Writing First with Readings Laurie G. Kirsznér, Stephen R. Mandell, 2011-12-28. Best-selling authors and veteran college writing instructors Laurie Kirsznér and Stephen Mandell believe that students learn to write best when they use their own writing as a starting point. In *Writing First with Readings: Practice in Context*, designed for the paragraph to essay course, Kirsznér and Mandell take seriously the ideas and expressive abilities of developmental students as well as their need to learn the rules of writing and grammar. Visual writing prompts that open every chapter get students writing immediately. By moving frequently between their own writing, writing models, and instruction, and workbook-style mastery exercises, students get constant reinforcement of the skills they are learning. Thoughtful chapters on college success, research, and critical reading, along with high-interest essays, round out the text, making it the perfect introduction to college writing. Read the preface.

Writing in Response Matthew Parfitt, 2011-12-23. *Writing in Response* is a flexible brief rhetoric that offers a unique focus on the critical practices of experienced readers: analysis and reflection, the skills at the heart of academic writing. It helps students compose academic essays by showing how active reading and exploratory writing bring fresh ideas to light and how informal response is developed into polished, documented prose. Extensively class-tested, *Writing in Response* emphasizes the key techniques common to reading, thinking, and writing throughout the humanities and social sciences by teaching students the value of a social, incremental, and recursive writing process. Read the preface.

A Writer's Reference with Writing about Literature Diana Hacker, Nancy Sommers, 2011. This version of the best-selling college handbook includes a tabbed section called *Writing about Literature*, a practical guide to interpreting works of literature and to planning, composing, and documenting papers about literature. Students will find help with forming and supporting an interpretation, avoiding plot
