Peer-to-peer Training Facilitator's Guide Michele N. Costanza, 2009 The peer to peer P2P training approach involves small groups of people from similar social groupings who are not professional teachers helping each other to learn The P2P approach has great potential for rapidly identifying emerging lessons learned and integrating them into wide reaching Army training The present research identified the instructional principles and best practices for P2P from academia industry and the military supporting effective P2P training and incorporated them into a Soldier friendly facilitator's guide A formative evaluation was conducted with Soldiers using the guide to prepare and conduct group discussions for a face to face group setting and a distributed group setting where Soldiers were linked via video teleconference One group of Soldiers served as facilitators and used the facilitator's guide to prepare and lead discussions with other Soldiers who served as learners Feedback on the guide was mostly positive with Soldiers indicating that the guide provided an appropriate amount of information and a usable format and tools for structuring and fostering group discussions Ongoing efforts to transition P2P methods into Army training are discussed

The TWI Facilitator's Guide Donald A. Dinero, 2016-09-19 There are many books available covering the Training Within

Industry TWI programs but few include any unique material on adaptation or modification This dearth of new has caused practitioners to alter the programs without understanding the underlying principles These changes have made the programs less effective One must however maintain the principles used in the programs when changing the delivery of the programs to suit the culture The purpose of The TWI Facilitator's Guide How to Use the TWI Programs Successfully is to prevent the TWI programs from falling into misuse and disuse This book will explain the main principles of the TWI programs and what they can accomplish but it will also stress what they are not This book reviews what the programs are and then explains how to use them It tells why we do certain aspects of each program When we know why we do something we won't stop doing it for the wrong reason
