Smartland Korea Dal Yong Jin, 2017-02-20 The dramatic advancement of cellphone technology has fundamentally changed our daily lives Smartphones and their applications have created new capital for information and communication technology corporations and changed the way people communicate Because of an interesting awareness of the significance for digital economy and people's daily culture many countries from the U S to China have massively invested in the smartphone industries since the early 21st century Among them South Korea has become one of the centers for

technology development and digital culture although the country was once lagging behind in the penetration of the phones and their apps Yet within the last few years the country has taken a big step toward their goal of becoming a mobile game wonderland by appropriating smartphones and it now exists as a curious test bed for the future of smartphone technology Smartland Korea as the first attempt to comprehensively analyze mobile communication in the context of Korean smartphones looks into a largely neglected focus of inquiry a localized mobile landscape with particular reference to young Koreans engagement with their devices and applications Dal Yong Jin focuses not only on the celebratory achievement of technological advancement but also the significance of social milieu in the development of the smartphones He situates the emergence of smartphones within the growth of mobile technologies and overall telecommunications industries embedded in Korea s information and communication technologies The book examines the technology s innovation and the evolution the digital economy through the lens of political economy and the youth culture embedded in the Korean smartphone context

Microtimes ,1999 **Popular Photography** ,1999-04 Near Field Communication Sheli McHugh,Kristen

Yarmey,2022-05-31 Near Field Communication is a radio frequency technology that allows objects such as mobile phones computers tags or posters to exchange information wirelessly across a small distance This report on the progress of Near Field Communication reviews the features and functionality of the technology and summarizes the broad spectrum of its current and anticipated applications We explore the development of NFC technology in recent years introduce the major stakeholders in the NFC ecosystem and project its movement toward mainstream adoption Several examples of early implementation of NFC in libraries are highlighted primarily involving the use of NFC to enhance discovery by linking books or other physical objects with digital information about library resources but also including applications of NFC to collection management and self checkout Future uses of NFC in libraries such as smart posters or other enhanced outreach are envisioned as well as the potential for the touch paradigm and Internet of things to transform the ways in which library users interact with the information environment Conscious of the privacy and security of our patrons we also address continuing concerns related to NFC technology and its expected applications recommending caution awareness and education as immediate next steps for librarians *Popular Science* ,2002-12 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better Samsung Galaxy S7 & S7 Edge for Seniors Bill Stonehem,2016-05-18 The user should consult the manual of the device before using to ensure that safe and proportion operation is adhered to The descriptions are all assumed from the phones default settings Some of the content described will differ from your device based on your region service provide actual model or the software on the device The performance of the device may be affected when running high quality content that will require higher CPU and RAM usage Some of the apps that are related to the content may malfunction depending on the specifications and the operating

conditions of the phone The phone manufacturer is not liable for any performance issues that may be caused by third party applications that are not provided by Samsung The phone manufacturer will not be liable for any performance issues that may result from any editing of the registry settings or a modified operating system

Transactions on Large-Scale Data- and Knowledge-Centered Systems LVII Abdelkader Hameurlain, A Min Tjoa, 2024-10-24 The LNCS journal Transactions on Large scale Data and Knowledge centered Systems focuses on data management knowledge discovery and knowledge processing which are core and hot topics in computer science Since the 1990s the Internet has become the main driving force behind application development in all domains An increase in the demand for resource sharing e.g. computing resources services metadata data sources across different sites connected through networks has led to an evolution of data and knowledge management systems from centralized systems to decentralized systems enabling large scale distributed applications providing high scalability This the 57th issue of Transactions on Large scale Data and Knowledge centered Systems contains five fully revised selected regular papers Topics covered include leveraging machine learning for effective data management access control models reciprocal authorizations Internet of Things digital forensics code similarity search volunteered geographic information and spatial data quality

Mobile Big Data Georgios Skourletopoulos, George Mastorakis, Constandinos X. Mavromoustakis, Ciprian Dobre, Evangelos Pallis, 2017-10-31 This book reports on the latest advances in mobile technologies for collecting storing and processing mobile big data in connection with wireless communications It presents novel approaches and applications in which mobile big data is being applied from an engineering standpoint and addresses future theoretical and practical challenges related to the big data field from a mobility perspective Further it provides an overview of new methodologies designed to take mobile big data to the Cloud enable the processing of real time streaming events on the move and enhance the integration of resource availability through the Anywhere Anything Anytime paradigm By providing both academia and industry researchers and professionals with a timely snapshot of emerging mobile big data centric systems and highlighting related pitfalls as well as potential solutions the book fills an important gap in the literature and fosters the further development in the area of mobile technologies for exploiting mobile big data
