- Do not place vessels (such as a cup) containing water on the apparatus, as this can result in a fire or electric shock.
- Do not expose this apparatus to rain or moisture.
- Be aware to contact an authorized Samsung service center for information if you intend to install your TV in a location with heavy dust, high or low temperatures, high humidity, chemical substances, or where it will operate 24 hours a day with an air conditioner, a heater, radiator, etc. Failure to do so may lead to serious damage to your TV.
- Do not expose this apparatus to dripping or splashing.

Mounting the TV on a wall

- If you mount this TV on a wall, follow the instructions carefully as set out by the manufacturer. If it is not correctly mounted, the TV may slide or fall and cause serious injury to a child or adult and serious damage to the TV.

- To enter the Samsung wall-mount kit, contact Samsung service center.
- Samsung Electronics is not responsible for any damage to the product or injury to yourself or others if you choose to install the wall-mount kit on your own.
- Samsung is not liable for any damage or personal injury when a non-VESA or non-specified wall-mount is used or when the consumer fails to follow the product installation instructions.
- You can install your wall-mount on a solid wall perpendicular to the floor. Before attaching the wall-mount to your wall, either the manufacturer's or your own, please read the additional information. If you install the TV on a ceiling or slanted wall, it may fall and result in severe personal injury.
- When installing a wall-mount kit, we recommend you follow all VESA rules.
- If you want to install a wall-mount kit that attaches to the wall using two top screws only, be sure to use a Samsung wall-mount kit that supports this type of installation. (This may not be able to prevent this type of wall-mount kit, depending on the geographical area.)

- Do not mount the TV at more than a 75-degree tilt.
- Standard dimensions for wall-mount kits are shown in the table on the Quick Setup Guide.
- Do not install your wall-mount kit while your TV is turned on. This may result in personal injury from electric shock.
- Do not use tools that are longer than the standard dimensions or do not comply with the VESA standard screw specifications. Screws that are too long may cause damage to the inside of the TV set.
- For wall-mounting that does not comply with the VESA standard screw specifications, the length of the screws may differ depending on the wall-mount specifications.
- Do not hammer the screws into the wall. This may damage the product or cause the product to fall, leading to personal injury. Samsung is not liable for these kinds of accidents.
- Always hang the product on the TV only, never on the floor. For 80" or larger models, have four people mount the TV onto a wall.

Providing proper ventilation for your TV

- When you install your TV, maintain a distance of at least 10 cm between the TV and other objects (such as cabinet, other, etc.) to ensure proper ventilation. Failing to maintain proper ventilation may result in a fire or a problem with the product caused by an increase in the internal temperature.
- When you install your TV with a stand or a wall-mount, we strongly recommend you use parts provided by Samsung Electronics only. Using parts provided by another manufacturer may cause difficulties with the product or result in injury caused by the product falling.

- Use only a properly grounded plug and wall outlet.
 - An improper ground may cause electric shock or equipment damage (Class I Equipment only).
- To turn off this apparatus completely, disconnect it from the wall outlet. To ensure you can unplug this apparatus quickly if necessary, make sure that the wall outlet and power plug are readily accessible.
