A Scientific Bibliography of the Drakensberg, Maloti and Adjacent Lowlands

Rodney Moffett,2021-04-19 This bibliography includes scientific articles on the Drakensberg Maloti and Adjacent Lowlands published between 1808 and 2019 Although focussing on material appearing in accredited journals there is such a wealth of information in the form of unpublished yet traceable reports documents presentations and dissertations these are also included The bibliography has two parts a complete list arranged alphabetically and the same references arranged in 33 different disciplines These range from Palaeobotany with 17 entries to Rock Art with 502 entries Language Policies in Education James W. Tollefson,2013 How do language policies in schools create inequalities among learners How do policies marginalize some students while granting privilege to others How do language policies in education serve the interests of dominant groups within societies How can linguistic minorities further their interests through attempts to change language policies in schools This new edition of Language Policies in Education takes a fresh look at these enduring questions at the heart of fundamental debates about the role of schools in society the links between education and employment and conflicts between linguistic minorities and mainstream populations Reflecting developments in language policy since the publication of the first edition in 2002 all chapters are original and substantial contributions to the study of language policy and exemplify major theories and research methods in the field Chapter authors are major scholars in language policy and critical language studies The case studies international in scope present cutting edge analyses of important language policy debates in countries around the world Regulations and Syllabuses for the Junior Certificate Examination Examinations Council of Lesotho,1982 South African Journal of Science ,1990 *What is Indigenous Knowledge?* Ladislaus M. Semali,Joe L. Kincheloe,2002-09-11 Ladislaus M Semali and Joe L Kincheloe s edited book What is Indigenous Knowledge Voices from the Academy not only exposes the fault lines of modernist grand narratives but also illuminates in a vivid and direct way what it means to come to subjectivity in the margins The international panel of contributors from both industrialized and developing countries led by Semali and Kincheloe injects a dramatic dynamic into the analysis of knowledge production and the rules of scholarship opening new avenues for discussion in education philosophy cultural studies as well as in other important fields

Humans at the End of the Ice Age Lawrence Guy Straus,Berit Valentin Eriksen,Jon M. Erlandson,David R.

Yesner,2012-12-06 Humans at the End of the Ice Age chronicles and explores the significance of the variety of cultural responses to the global environmental changes at the last glacial interglacial boundary Contributions address the nature and consequences of the global climate changes accompanying the end of the Pleistocene epoch detailing the nature speed and magnitude of the human adaptations that culminated in the development of food production in many parts of the world The text is aided by vital maps chronological tables and charts **National Library of Medicine Current Catalog** National

Library of Medicine (U.S.),1993 **8th International Kimberlite Conference** Roger H. Mitchell,2004 Volume 1 of this special issue of Lithos dedicated to Roger Clement presents papers describing the geology and emplacement of several of the recently discovered kimberlites in northern Canada in which diamond mines are now operating Other papers are concerned with the petrography age of emplacement geochemistry and petrogenesis of kimberlites from Canada and other worldwide localities **Papers Submitted to the Conference on South Africa in the Comparative Study of Class, Race, and Nationalism Sponsored by the Joint Committee on African Studies of the Social Science Research Council and the American Council of Learned Societies, New York, Sept. 9-13, 1982** ,1982 **Models in Archaeology** David L. Clarke,2014-10-24 This major study reflects the increasing significance of careful model formation and testing in those academic subjects that are struggling from intuitive and aesthetic obscurantism toward a more disciplined and integrated approach to their fields of study The twenty six original contributions represent the carefully selected work of progressive archaeologists around the world covering the use of models on archaeological material of all kinds and from all periods from Palaeolithic to Medieval Their common theme is archaeological generalisation by means of explicit model building testing modification and reapplication The contributors seek to show that it is the use of certain models in particular ways that defines archaeology as the practice of one discipline with a set of general tenets that are as applicable in Peru as in Persia Australia as Alaska Sweden as Scotland on material from the second millennium B C to the second millennium A D They assert that careful model formulation within archaeology and the cautious exchange and testing of models within and beyond the discipline provides the only route to the formation of the common internationally valid body of theory which defines a vigorous and coherent discipline and distinguishes it from being a collection of merely regionally applicable special cases

The Emergence of Modern Humans Paul Mellars,1990 **The West African Exams Council Agricultural Science Syllabuses and Their Appropriateness for Agricultural Prevocational Training in the Gambia** Baboucar S. B. Sajaw,1981 **Animal production and animal science worldwide** A. Rosati,A. Tewolde,C. Mosconi,2023-08-28 This World Association for Animal Production WAAP Book of the Year series now in its fourth volume grows each year in its popularity The authors are selected for their expertise in a specific field of the animal science It is intended to constantly update animal scientists industry representatives animal breeders and extension service personnel with all the aspects considered relevant in each specific field of animal science The book offers an updated and complete picture of the animal industry and of livestock science worldwide We maintain the book s successful four section structure for easy access to the information The first section of the book deals with livestock industry and possible application of research developments in the various continents The following section reports updates about development of research in the various disciplines in the entire animal science field The third section contains interesting articles on free subjects of broad interest We were told by readers of the previous volumes that this is the most popular section for the variety of actual and interesting topics for

readers The final section shows like every year detailed statistics of extraordinary importance in the animal industry This book is generally recognized as one of the very few practical resources of comprehensive statistical information related to animal industry and it is considered by most important libraries to be a key instrument to offer their readers high quality updated relevant information on global animal science developments

Political Corruption Arnold J. Heidenheimer,Michael Johnston,2011-12-31 Corruption is once again high on the international policy agenda as a result of globalization the spread of democracy and major scandals and reform initiatives But the concept itself has been a focus for social scientists for many years and new findings and data take on richer meanings when viewed in the context of long term developments and enduring conceptual debates This compendium a much enriched version of a work that has been a standard reference in the field since 1970 offers concepts cases and fresh evidence for comparative analysis Building on a nucleus of classic studies laying out the nature and development of the concept of corruption the book also incorporates recent work on economic cultural and linguistic dimensions of the problem as well as critical analyses of several approaches to reform While many authors are political scientists work by historians economists and sociologists are strongly represented Two thirds of the nearly fifty articles are based either on studies especially written or translated for this volume or on selected journal literature published in the 1990s The tendency to treat corruption as merely a synonym for bribery is

illuminated by analyses of the diverse terminology and linguistic techniques that help distinguish corruption problems in the major languages Recent attempts to measure corruption and to analyze its causes and effects quantitatively are also critically examined New contributions emphasize especially corruption phenomena in Asia and Africa contrasts among region and regime types comparing U S state corruption incidence European Party finance and corruption assessments of international corruption rating project analyses of international corruption control treaties unintended consequences of anti corruption efforts Cumulatively the book combines description richness analytical thrust conceptual awareness and contextual articulation

Security and Politics in South Africa Peter C. J.
