Advances in Cultural Linguistics Farzad Sharifian, 2017-05-02 This groundbreaking collection represents the broad scope of cutting edge research in Cultural Linguistics a burgeoning field of interdisciplinary inquiry into the relationships between language and cultural cognition The materials surveyed in its chapters demonstrate how cultural conceptualisations encoded in language relate to all aspects of human life from emotion and embodiment to kinship religion marriage and politics even the understanding of life and death Cultural Linguistics draws on cognitive science complexity science and distributed cognition among other disciplines to strengthen its theoretical and analytical base The tools it has developed have worked toward insightful investigations into the cultural grounding of language in numerous applied domains including World Englishes cross cultural intercultural pragmatics intercultural communication Teaching English as an International Language TEIL and political discourse analysis

Language, Culture and Social Connectedness Lorelle Burton, 2011-05-25 Diverse interest in language pedagogy identity and community has found expression through online interaction networking and connectedness in the discourses captured in this book Language Culture and Social Connectedness Issues surrounding language use in spoken written and multimedia forms and in sociocultural responses indigenous knowledges and ethnic perspectives are currently expanding with consequential transnational implications for pedagogy in higher education Language education is no longer oriented towards grammar memorization and learning by rote but rather using language and cultural knowledge as a means to communicate and connect to others around the globe Geographical and physical boundaries are being transcended by technology as students learn to reach out to the world around them This book explores the intricate relationships between language culture and social connectedness in our diverse local and transnational communities In a period of challenge in our history there are tensions that connect and others that tend to disconnect endeavours across the social landscape Connectedness includes relationships both formal and informal and the benefits those relationships bring to

the individual as well as to society Social connectedness describes the level of engagement and trust an individual has with others in their community and the roles they take on their friendships and participation in different activities People who feel socially connected also contribute towards building communities and society They help to create social capital as networks that promote effective social functions
