

Graduation Speech Sample

Good evening friends, family, faculty, and fellow graduates.

As we stand here today, on the brink of a new chapter in our lives, it's hard to believe that it's already been four years (or however long it took us to get here). It seems like just yesterday that we were nervously stepping onto campus, not quite sure what to expect.

But as we look back on the past four years, it's clear that we've come a long way. We've made new friends, learned new things, and grown as individuals. We've faced challenges and overcome them, and we've learned to persevere through difficult times.

And as we move on from this chapter in our lives, I encourage each and every one of us to remember the lessons we've learned and the experiences we've had. These experiences will shape who we are and how we approach the world, and they will serve us well in the years ahead.

But before we get too ahead of ourselves, let's take a moment to reflect on how we got here. I'm sure we all have different stories and experiences, but there are a few things that I think we can all relate to.

For starters, I'm sure we can all agree that college is a lot of hard work. Between classes, assignments, and exams, it's easy to get bogged down and feel overwhelmed. But despite the challenges, we've persevered and made it to this point.

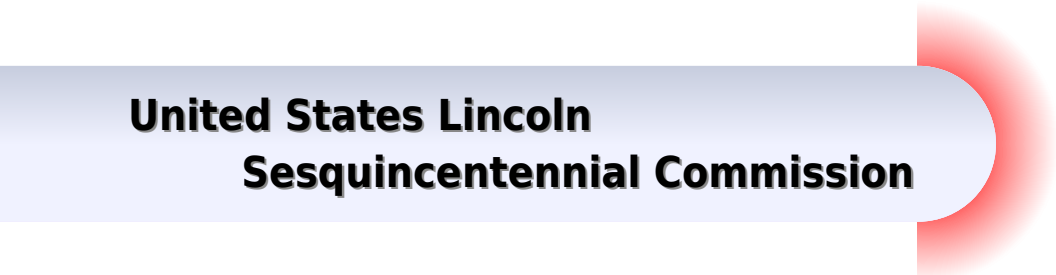

I'm also sure that we've all had moments where we felt lost or unsure of ourselves. It's natural to feel that way, especially when you're trying to navigate a new environment and figure out your place in the world. But despite these moments of uncertainty, we've found our footing and discovered our passions.

And most importantly, I'm sure we can all agree that college has been an amazing experience. We've had the opportunity to learn from some of the best professors in the field, engage in meaningful discussions and debates, and be part of a community of like-minded individuals.

So, as we move on from this chapter in our lives, let's remember to be grateful for the experiences we've had and the people who have supported us along the way. To our parents, who have always believed in us and encouraged us to pursue our dreams, thank you for your unwavering love and guidance. To our teachers and mentors, who have imparted their knowledge and wisdom upon us, thank you for your invaluable guidance and encouragement. And to our friends, who have stood by us through thick and thin, thank you for your friendship and support.

Moving Mountains Raymont L. Anderson, 2012-05 In life everyone at some time or another will experience what is commonly referred to as problems Moving Mountains is a manual of sorts to assist people in the removal of life s problems This removal process occurs by first looking at some commonly held beliefs and ideas held by our society Secondly this removal occurs by realizing that a shift in perception is needed As the reader continues to read and walk through the journey laid out in the pages of the book the task of noticing and in time changing existing paradigms will become the number one mission This mission allows the reader to realize that the mountains in life problems challenges issues and traumas are

blessings that can be used as stepping stones to greater awareness and increase one's ability to live a sacred life. The book guides the reader through the process of personal transformation by challenging what is believed and what the reader feels is known with various ideas and concepts that the author has found over years of study to be of immeasurable value and use so that the mountains can be moved just as Jesus the Christ said in Matthew 17:20 if you have faith as small as a mustard seed you can say to this mountain Move from here to there and it will move. From the late nineteenth through mid twentieth centuries these individuals fought discrimination as members of a larger movement of black women who uplifted future generations through a focus on education social service and cultural transformation. Born free but with the shadow of the slave past still implanted in their consciousness Laney Bethune Brown and Burroughs built off each other's successes and learned from each other's struggles as administrators lecturers and suffragists. Drawing from the women's own letters and writings about educational methods and from remembrances of surviving students Audrey Thomas McCluskey reveals the pivotal significance of this sisterhood's legacy for later generations and for the institution of education itself. Your Friend Forever, A. Lincoln Charles B. Strozier, 2016-05-03 On April 15 1837 a long gawky Abraham Lincoln walked into Joshua Speed's dry goods store in Springfield Illinois and asked what it would cost to buy the materials for a bed. Speed said seventeen dollars which Lincoln didn't have. He asked for a loan to cover that amount until Christmas. Speed was taken with his visitor but as he said later I never saw so gloomy and melancholy a face. Speed suggested Lincoln stay with him in a room over his store for free and share his large double bed. What began would become one of the most important friendships in American history. Speed was Lincoln's closest confidant offering him invaluable support after the death of his first love Ann Rutledge and during his rocky courtship of Mary Todd. Lincoln needed Speed for guidance support and empathy. *Your Friend Forever A. Lincoln* is a rich analysis of a relationship that was both a model of male friendship and a specific dynamic between two brilliant but fascinatingly flawed men who played off each other's strengths and weaknesses to launch themselves in love and life. Their friendship resolves important questions about Lincoln's early years and adds
