The Community College Library Janet Pinkley, Kaela Casey, 2022-04-13 Community colleges are a cornerstone of higher education and serve the unique needs of the communities in which they reside. In 2019, community colleges accounted for 41 percent of all undergraduate students in the United States. Community college librarians are engaged in meaningful work designing and delivering library programs and services that meet the needs of their diverse populations and support student learning. The Community College Library series is meant to lift the voices of community college librarians and highlight their creativity, tenacity, and commitment to students. The Community College Library Reference and Instruction collects research programs and new approaches to reference and instruction implemented by community college librarians around the U.S. Chapters include sample activities and materials and cover topics including using race-centered and trauma-informed practices in the reference interview, incorporating online workshops into an existing information literacy program, and using student-driven pedagogy to navigate the early stages of research. This book demonstrates the innovative and replicable ways community college librarians are meeting the information and research needs of their college population both in person and remotely, all while providing a safe, inclusive space for students to explore and learn. **The Last Letter**

Karen Baum Gordon, 2021-11-23 Part of the Legacies of War series. **The Last Letter** is a family memoir that spans events from the 1930s and Hitler's rise to power through World War II and the Holocaust to the present-day United States. Karen Baum Gordon's gripping narrative opens on her father Rudy Baum's attempted suicide in 2002 at the age of eight-six and unfolds in an investigation of generational trauma within her extensive German Jewish family. Gordon grounds her research in eighty-eight letters written mostly by Julie Baum, Rudy's mother, and Gordon's grandmother to Rudy between November 1936 and October 1941. Gordon examines pieces of these worn, handwritten letters and other archival documents in order to recreate the fatal journeys of her grandparents in the camps and ghettos of the Third Reich and trace her father's efforts to save them an ocean away in America. Doing so, Gordon discovers the forgotten fragments of her family's history and a vivid sense of her own Jewish identity.

Boyer,1995 In this sequel to *Political Radicalism in Late Imperial Vienna* John Boyer picks up the history of the Christian Social movement after founder Karl Lueger s rise to power in Vienna in 1897 and traces its evolution from a group of disparate ward politicians through its maturation into the largest single party in the Austrian parliament by 1907 to its major role in Imperial politics during the First World War Boyer argues that understanding the unprecedented success that this dissident bourgeois political group had in transforming the basic tenets of political life is crucial to understanding the history of the Central European state and the ways in which it was slowly undermined by popular electoral politics The movement s efforts to save the Austrian Empire by trying to create an economically integrated but ethnically pluralistic state are particularly enlightening today in the shadow of ethnic violence in Sarajevo where began the end of the Austrian Empire in 1914 The most comprehensive account of any mass political movement in late nineteenth century Central Europe this two volume work is crucial reading for anyone interested in Hapsburg history German history or the history of social democracy
