News ,1917 **Living Law** Sandro Chignola,2024-07-12 This book offers a radical new understanding of law beyond the confines of its formalization by the state The book takes off from the late work of Gilles Deleuze and Michel Foucault for whom law and its institutions came to be liberated from an ideological perspective that had treated them as sterile instruments for the reproduction of domination Engaging its continental history it addresses the concept of law not merely as a command but as the result of a much more complex legal operation aimed at dynamically stabilizing the social relations of a community The book thus sidesteps the usual legal political focus on those from Hobbes to Schmitt who have contributed to the categorical scheme of the modern state and with it questions of political representation sovereignty the rigid distinction between public law and private law and so on as it pursues an alternative theoretical trajectory through Ravaissou Tarde and Hauriou Politics the book maintains can be no longer be treated simply through the state form And relatedly the law must be seen as a living law a law that cannot be treated exclusively in formal terms but must be taken as a grammar capable of articulating a politics of process relationality and innovation Reconceived as such law can then circumvent the aporias that arise when society is viewed as a private company and the state seen as the bearer of the only possible means of formalizing its relationships At the intersection of law and political theory this book will speak to scholars and others with interests in both these areas and especially those concerned with the limits of both conventional and critical approaches to law

Reading Mennonite Writing Robert Zacharias,2022-05-12 Mennonite literature has long been viewed as an expression of community identity However scholars in Mennonite literary studies have urged a reconsideration of the field s past and a reconceptualization of its future This is exactly what Reading Mennonite Writing does Drawing on the transnational turn in literary studies Robert Zacharias positions Mennonite literature in North America as a mode of circulation and reading rather than an expression of a distinct community He tests this reframing with a series of methodological experiments that open new avenues of critical engagement with the field s unique configuration of faith based intercultural difference These include cross sectional readings in nonnarrative literary history archival readings of transatlantic life writing Canadian rewritings of Mexican film s deployment of Mennonite theology as fantasy an examination of the fetishistic structure of ethnicity as a thing that has enabled Mennonite identity to function in a post identity age and finally a tentative reinvestment in ideals of

Mennonite community via the surprising routes of queerness and speculative fiction In so doing Zacharias reads Mennonite writing in North America as a useful case study in the shifting position of minor literatures in the wake of the transnational turn Theoretically sophisticated this study of minor transnationalism will appeal to specialists in Mennonite literature and to scholars working in the broader field of transnational literary studies **Holy Homosexuals** Michael S. Eurocentrism in Translation Studies Luc van Doorslaer,Peter Flynn,2013-10-10 In the wake of post colonial and post modernist thinking Eurocentrism has been criticized in a number of academic disciplines including Translation Studies First published as a special issue of Translation and Interpreting Studies 6 2 2011 this volume re examines and problematizes some of the arguments used in such criticism It is argued here that one should be wary in putting forward such arguments in order not to replace Eurocentrism by a confrontational geographical model characterized precisely by a continentalization of discourse thereby merely reinstituting under another guise The work also questions the relevance of continent based theories of translation as such along with their underlying beliefs and convictions But since the volume prefers to keep the debate open its concluding interview article also provides the opportunity to those criticized to respond and provide well balanced comments on such points of criticism **The American and English Annotated Cases** ,1916 *English traits* Ralph Waldo Emerson,1883 **An exposition of the Second epistle to the Corinthians** Charles Hodge,1860

Commentary on 2nd Corinthians Charles Hodge,1994-03 Dr Charles Hodge was known more as a systematic theologian than as an expositor of Scripture Nevertheless his whole life was devoted primarily to the critical and systematic study of the Bible Commentary on the Second Epistle to the Corinthians has remained a standard resource for teachers pastors and educated laypersons Hodge s introductory material chapter summaries and verse by verse exposition provide even after more than one hundred years solid relevant instructions for today s students of the Bible Being and Knowing Frederick D. Wilhelmsen,2017-09-29 Frederick D Wilhelmsen s Being and Knowing rooted in the philosophy of St Thomas Aquinas rests on two basic assertions first metaphysics is the science of being in its first and ultimate act existence the act by which all things manifest themselves second that existence is known not through observing objects but in affirming through judgments that these objects are subjects of existence The chapters of this book explore these Thomistic doctrines Some explain St Thomas Aquinas s philosophy of being Others probe his epistemology The complexity and density of Aquinas s theory of judgment that truth is realized in the judgment of man emphasized throughout most of the book point not only to a deeper understanding of the nature of metaphysics but they open doors to the clarification of philosophical issues germane to

contemporary thought This work addresses a number of metaphysical philosophical paradoxes Wilhelmsen s exploration of them demonstrates why he was the preeminent American scholar of the Thomistic tradition This volume is part of Transaction s series the Library of Conservative Thought *English Botany, Or, Coloured Figures of British Plants* James Sowerby,1873 **Henry VIII** A.
