Introduction to Psychology and Behaviour Science Vidya Bhagat, 2017-05-07 In the field of psychology there are many books which are of interest to the students of psychology However I had felt a need for a book which offers a comprehensive account of topics related to the introduction to psychology and behavioural science to the best possible extent which emphasises on easy and understandable language for undergraduate students Working in Malaysia and being a part of the health and medical education system here I was inspired by the support and encouragement prevailing in the atmosphere which was conducive for expressing my ideas in simple form of this book for the benefits of our students I considered it apt to use my knowledge to meet this dire need which led to the penning of this book It will hopefully serve as a very useful aid to students in their curriculum The students will benefit from the information covered in this book which articulates thoughts

and ideas related to the subject matter This effort is aimed at helping the students gain knowledge effectively **Adult Survivors of Emotionally Immature Parents** Vincenzo Venezia,2023-05-23 Are you still struggling with emotionally immature parents Do the people who should have loved and protected you continue to manipulate you instead of treating you with respect and love Do you often feel confused or insecure because of your parents unpredictable reactions Are you struggling every day to repair the damage that they caused Emotionally immature parents are adults who have difficulty managing their emotions and providing a stable and reliable supportive environment for their children These parents may have a poor understanding of their children s needs and may exhibit manipulative controlling and unaccountable behaviours And while it s easy to normalise behaviour that we have grown up with dealing with an emotionally immature parent can be frustrating demoralising and leave us unable to deal with our own emotions Unable to deal with their emotions parents like this tend to sweep things under the carpet or blame other people I recommend reading this book if you recognise at least one of the following traits in your parents They do not validate your feelings or give them room to emerge They are very rigid and resolute and become aggressive to new ideas Overreactions even to small things They have low stress tolerance and have trouble admitting mistakes They are self preoccupied and egocentric They always have to be right They blame you for their flaws or mistakes They do not take responsibility for their actions They are only concerned about your physical needs and not your emotional needs They have the ability to make you lose your mind and drain all your energy Denial of reality emotional manipulation and gaslighting by making you feel crazy These are just some of the most common signs In each family they may change or combine with each other You can may appear happy but feel lonely are highly strung anxious and controlling As an adult you could now experience Constant feelings of betrayal anger loneliness or abandonment Guilt when you are happy Confusion due to your parents unpredictable and inconsistent reactions Embarrassment about what happened to you and what others might think about it A feeling that you are trapped in the relationship with them with no way out Adult children of immature parents always recognise that something is wrong but overlook the devastating long term effects it can cause in them Can this painful legacy be stopped Fortunately there are methods in this manual to identify and interrupt dysfunctional patterns and cultivate new ones that are helpful and tailored to you It is important to do this for yourself your loved ones and ultimately your children Breathe deeply release that knot in your stomach and read it now The Psychoanalytic Model of the Mind Elizabeth L. Auchincloss M.D.,2015-04-28 Written for students at every level of training including psychiatry residents psychology graduate students social work students and medical students The Psychoanalytic Model of the Mind explains how the psychoanalytic model works and how it contributes to the care of people with mental illness The book is founded on the psychoanalytic thinking that evolved over the last 120 years and surveys how the psychoanalytic model has become the basis for almost all psychological treatments or talking cures for emotional suffering In plain and accessible language the author outlines the history of psychoanalysis answers basic questions defines the core

dimensions of psychodynamic models and illustrates their clinical utility The Psychoanalytic Model of the Mind explores the most complex model of mental functioning ever formulated for clinical purposes and demonstrates that this model is useful in treating all patients all of the time

Connecting With Yourself Vishal Jacob, 2018-06-15 Every life is an interesting story and this story is best written when people go through life's experiences by staying connected to who they truly are To stay connected to yourself you need first to start listening from within This book gives a perspective on why we think feel and act the way we do through concepts from neuroscience and psychology It attempts to answer some of life's key questions such as Why do we all perceive things differently Why are we designed to do different things Why do we all learn things in different ways How are habits formed What role do emotions play in our lives What makes us happy And finally what it means and takes to stay connected to ourselves and others Great ideas for a better living that not only help you to connect with yourself but also to connect with others Dr David J Lincoln Chief advisor and president ANLP India The simplicity of ideas and the depth of knowledge make this book a must read for leaders everywhere Rajat Garg Master Certified Coach Director Global Board of Directors for The ICF International Coaching Federation Vishal brings to life and connects many aspects of living with facts about the brain and how the human mind works These easy to read and well structured reflections from the heart show the simple aspects of living life fully Chitra Ravi Founder Principle consultant at SeedTLC Regional Representative for India Asia on the Board of Trustees of the ITAA International Transactional Analysis Association
