Dear Salutation

I write to you with great pleasure in recommendation of Reginald Jeeves. I have been his supervisor and he has been one our most dedicated employees. For the three years he worked for us, he was never shy of accepting a responsibility whenever it was delegated to him and performed best to his abilities.

Being an independent but a focused worker, he is always able to communicate effectively and perform efficiently, meeting even the demanding of challenges. Putting quite a bunch of our competitor's at shame, an improbable rise in our portfolio growth was seen, all because of an untiring effort from Jeeve's part.

Apart from an exceptional job performance, Jeeves has become a close friend of ours' and is respected by one and all. He truly shines in making true all the corporate values that we hold dear to. Blessed with remarkable intuition, Jeeves has the ability to foresee has been right on the money by foreseeing quite a lot of growth opportunities.

Though his absence will be missed, I highly recommend him for an employment with your organization. A complete team player, wonderful human being, and a respected employee! If you wish to contact for any other details about Jeeves, please call me on this number - 0000-0000.

Best Regards

Goble,1985 *Making It Work* Hirokazu Yoshikawa,Thomas S. Weisner,Edward D. Lowe,2006-12-07 Low skilled women in

the 1990s took widely different paths in trying to support their children. Some held good jobs with growth potential, some cycled in and out of low paying jobs, some worked part time and others stayed out of the labor force entirely. Scholars have closely analyzed the economic consequences of these varied trajectories, but little research has focused on the consequences of a mother's career path on her children's development. *Making It Work*, edited by Hirokazu Yoshikawa, Thomas Weisner, and Edward D. Lowe, looks past the economic statistics to illustrate how different employment trajectories affect the social and emotional lives of poor women and their children. *Making It Work* examines Milwaukee's New Hope program, an experiment testing the effectiveness of an anti-poverty initiative that provided health and child care subsidies, wage supplements, and other services to full-time low wage workers. Employing parent surveys, teacher reports, child assessment measures, ethnographic studies, and state administrative records, *Making It Work* provides a detailed picture of how a mother's work trajectory affects her family and her children's school performance, social behavior, and expectations for the future. Rashmita Mistry and Edward D. Lowe find that increases in a mother's income were linked to higher school performance in her children. Without large financial worries, mothers gained extra confidence in their ability to parent, which translated into better test scores and higher teacher appraisals for their children. JoAnn Hsueh finds that the children of women with erratic work schedules and non-standard hours, conditions endemic to the low skilled labor market, exhibited higher levels of anxiety and depression. Conversely, Noemi Enchautegui de Jesus, Hirokazu Yoshikawa, and Vonnice McLoyd discover that better job quality predicted lower levels of acting out and withdrawal among children. Perhaps most surprisingly, Anna Gassman Pines, Hirokazu Yoshikawa, and Sandra Nay note that as wages for these workers rose, so did their marriage rates, suggesting that those worried about family values should also be concerned with alleviating poverty in America. It is too simplistic to say that parental work is either good or bad for children. *Making It Work* gives a nuanced view of how job quality, flexibility, and wages are of the utmost importance for the well-being of low income parents and children. **"The Boss of the Whole School"**

Elizabeth Ann Hebert, 2006-04-24 Elizabeth Hebert uses her 21 years of experience as an elementary school principal to offer inspiration and guidance to aspiring and practicing administrators. Using real life stories from an outstanding career, this book examines the responsibilities, demands, and challenges principals manage on a daily basis, demonstrates how qualities of leadership mature over time, and the conditions that both nurture and suppress it. It provides a heartfelt and compelling rationale for becoming and staying a principal. New and veteran administrators will recognize the school scenarios and appreciate the sincere voice of the author as she passes on valuable lessons learned. **Hip Girl's Handbook to the**
