

How are the essays scored?

- Each of the 2 essays is evaluated by a trained human “Reader” and assigned a score between 0-6, and the final score is the average of both the scores.
 - E.g., If your Issue essay received a score of 5 and your Argument essay 4, then your Analytical Writing score would be 4.5.
- The scoring is “holistic”, i.e., readers are trained to assign scores on the basis of the *overall quality* of an essay in response to the assigned task, and not by assigning separate scores for different aspects, e.g., strength of argument, relevance of examples, grammar, etc and combining those scores.
- The essay score is then reviewed by *e-rater*®, a computerized program developed by ETS, which is used to monitor the human reader. If the *e-rater* evaluation and the human score agree, the human score is used as the final score. If they disagree by a certain amount, a second human score is obtained, and the final score is the average of the two human scores.
