Executive Function and Education Mariëtte Huizinga,Dieter Baeyens,Jacob A. Burack,2018-09-21 Executive function is an umbrella term for various cognitive processes that are central to goal directed behavior thoughts and emotions These processes are especially important in novel or demanding situations which require a rapid and flexible adjustment of behavior to the changing demands of the environment The development of executive function relies on the maturation of associated brain regions as well as on stimulation in the child s social contexts especially the home and school Over the past decade the term executive function has become a buzzword in the field of education as both researchers and educators underscore the importance of skills like goal setting planning and organizing in academic success Accordingly in initiating this Research Topic and eBook our goal was to provide a forum for state of the art theoretical and empirical work on this that both facilitates communication among researchers from diverse fields and provides a theoretically sound source of information for educators The contributors to this volume who hail from several different countries in Europe and North America have certainly accomplished this goal in their nuanced and cutting edge depictions of the complex links among various executive function components and educational success

The Grieving Child in the Classroom Sue Trace Lawrence,2019-11-27 The Grieving Child in the Classroom integrates the latest research on children s bereavement and adapts it for use in the classroom Chapters tackle the neurological cognitive emotional and social effects of childhood grief and demonstrate the ways in which those reactions can manifest in the classroom By recognizing individual differences in coping styles and considering variables such as developmental stage nature of the loss and availability of support teachers and staff can become better equipped to respond to the bereaved child s needs The book incorporates theoretical explanations of grief responses as well as practical suggestions for supporting bereaved children in real world settings Whether the loss affects one child or the entire student body educators can turn to this comprehensive guidebook for ways to support grieving students in their classrooms

Minutes of Proceedings London (England). School Board,1885

Education of Children with Medical Conditions Alison Closs,2013-12-19 This work examines the issues which affect

the participation achievement and social inclusion of children with medical conditions in education The contributors discuss areas of potential difficulty and suggest ways of developing more effective and efficient provision in and out of school
