Shackleton Expedicion A La Antartida:

Shackleton Lluís Prats, Lluís Prats Martínez, 2012 Ernest Shackleton es ya un famoso explorador cuando emprende su expedición más ambiciosa: cruzar a pie la Antártida. El desafío se convierte en una odisea cuando el buque en el que viajan el *Endurance* queda atrapado entre placas de hielo. Solo el tesón y la valentía de Shackleton consiguen salvarlos a todos de una muerte segura. *Antártida* Rodolfo A. Sanchez, 2007 **Endurance** Alfred Lansing, 2002 In August 1914 the *ENDURANCE* set sail for the South Atlantic. The object of the expedition led by Sir Ernest Shackleton was to cross the Antarctic overland. In October 1915 still half a continent away from their intended base the ship was trapped then crushed in the ice. For five months Shackleton and his men drifting on ice packs were castaways in one of the most savage regions of the world. Alfred Lansing's narrative based on first hand accounts of those involved describes how the men survived after a long voyage in an open boat across the stormiest ocean on the globe and an overland trek through forbidding glaciers and mountains.

Endurance Alfred Lansing, 1959 Account of British Imperial Transatlantic Expedition 1914-1917 led by E. H. Shackleton based on original diaries. **South** Ernest Henry Shackleton Sir, 2019-03-19 In 1914 the polar explorer Ernest Shackleton announced an ambitious plan to lead the first trek across Antarctica via the South Pole. The expedition would prove fraught with adventure and peril. *South* is the remarkable tale of the ill-fated expedition told in Shackleton's own words, breathtakingly illustrated in this unique edition with photography from the expedition, modern images of the Antarctic and newly discovered photos from the Ross Sea Party. This handsome edition first published in 2016 is presented in paperback to coincide with the 100th anniversary of the original publication and features images by expedition photographer Frank Hurley, modern color photography of the fauna and vistas the men encountered as well as long lost photos taken by the expedition's Ross Sea Party and discovered in 2013. The expedition's story begins on the eve of World War I when the ship *Endurance* departed England with Shackleton and his team of six men. The plan was to travel 1,800 miles across the icy continent from the Atlantic side while a second team aboard the *Aurora* would reach Antarctica's Pacific side and lay out supply depots for the advancing team. As the *Endurance* approached the continent, however, it became hopelessly locked in an ice floe, beginning a series of harrowing travails. Today considered an adventure survival classic, *South* is the true story of a thrilling polar expedition. Never before has Shackleton's lively prose been so extensively and stunningly illustrated. *South!* Ernest Shackleton, As war clouds darkened over Europe in 1914 a party led by Shackleton set out to make the first crossing of the entire Antarctic continent via the Pole. But their initial optimism was short-lived as ice floes closed around their ship, gradually crushing it and marooning 28 men on the polar ice. Alone in the world's most unforgiving environment, Shackleton and his team began a brutal quest for survival. And as the story of their journey across treacherous seas and a wilderness of glaciers and snow fields unfolds, the scale of their courage and heroism becomes movingly clear. **The Endurance** Meredith Hooper, M.P. Robertson, 2000-02-01 This true adventure tale of courage and survival tracks the dangerous

expedition to Antarctica led by Sir Ernest Shackleton featuring 40 full color illustrations Intrigued by the mysterious vast continent at the bottom of the world Sir Ernest Shackleton fearlessly led 27 men to explore Antarctica but on their way to its shore their ship Endurance was crushed by the relentless ice The shipwrecked team braved many months stranded on an ice floe through an Antarctic winter facing extreme hunger frostbite illness and exhaustion But through Shackleton s heroic effort to sail in an open wooden lifeboat to the nearest inhabited land hundreds of miles away through the treacherous ocean everyone was eventually rescued and this amazing true story began to be told again and again Accompanying this tale for young readers are lovely watercolor paintings that capture the beauty of the Antarctic landscape and the team s heroic determination to survive Young readers and adults alike will also be fascinated by the maps chronology and further background this book provides on one of history s most extraordinary expeditions **South** Ernest Henry

Shackleton,2009-01-01 When Sir Henry Ernest Shackleton was beaten to the South Pole in 1912 he decided to trek across the continent via the pole instead Before his ship even reached the continent it was crushed in pack ice Shackleton managed to bring his entire team home by his masterful leadership through a series of incredible events He has become a cult figure and a role model for great leadership South Ernest Henry Shackleton, Sir,2011-04-30 A vivid narrative of the legendary
