Shakespeare with purpose It means freeing teachers from the notion that teaching Shakespeare means teaching everything or teaching Western Civilisation and universal themes Instead this invigorating new book equips teachers to enable student centred discovery of these complex texts Because Shakespeare's plays are excellent vehicles for many topics history socio cultural norms and mores vocabulary rhetoric literary tropes and terminology performance history performance strategies it is tempting to teach his plays as though they are good for teaching everything This lens free approach however often centres the classroom on the teacher as the expert and renders Shakespeare's plays as fixed determined and dead Teaching Shakespeare with Purpose shows teachers how to approach Shakespeare's works as vehicles for collaborative exploration to develop intentional frames for discovery and to release the texts from over determined interpretations In other words this book presents how to teach Shakespeare's plays as living breathing and evolving texts

Nation, community, self Gioia Angeletti, 2019-01-18 T00:00:00+01:00 From the late 1960s until the present day a significant number of women playwrights have emerged in Scottish theatre who have made a pioneering contribution to dramatic innovation and experimentation Despite the critical reassessment of some of these authors in the last twenty years their invaluable achievement in playwriting within and outside Scotland still deserves more thorough investigations and fuller acknowledgement This work explores what is still uncharted territory by examining a selection of representative texts by Ann Marie di Mambro Marcella Evaristi Sue Glover Jackie Kay Liz Lochhead Sharman Macdonald and Joan Ure The three macro thematic areas of the book the rewriting of the Shakespearean canon the representation of female communities and minorities and the conflicts between the self and society find significant and paradigmatic expression in their dramas All seven writers examined in this book have explored new theatrical methods introduced aesthetic innovations and opened new perspectives to engage with the complexities of national community and individual identities This study will surely contribute to wider recognition of their achievement so that their work can never again be described as uncharted territory
