I had a happy childhood living with my parents and my siblings. I completed my elementary education at Don Carlos Velez Elementary School. During my junior high school, I completed my junior high school at President Corazon Aquino National High School and I usually spend my time with my friends. Since the lockdown, I have a daily routine with my friend for a Google meet until dawn, and we do various things when we do, such as talk about what is going on in our lives and watch movies that have been shown several times. We have been watched pitch perfect all seasons. I finished it several times. When I am not with them, I watch shows like Mr. Queen and Ghost Doctor. Astute and compelling readings of works by Michel Foucault, Louis Althusser, Dorothy Allison, Mikal Gilmore, Jamaica Kincaid, and Jeanette Winterson explore how each poses the questions: How have I lived? and How will I live in relation to the social and psychic forms within which trauma emerges. First published in 2001, this new edition of one of the foundational texts in trauma studies includes a new preface by the author that assesses the gravitational pull between life, writing, and trauma in the twenty-first century, a tension that continues to produce innovative and artful means of confronting kinship, violence, and self-representation. **Memoir Ethics** Mike W. Martin, 2016-02-10 *Memoir Ethics: Good Lives and the Virtues* is a philosophical study of moral themes in memoirs, exploring how memoirists present and defend perspectives on good lives. It pays particular attention to the interplay of the virtues, including their interplay with additional non-moral types of values in good lives. More generally, it explores the relevance of memoir to moral philosophy and, in turn, how moral philosophy enters into elucidating and critiquing memoirs. Memoirs are understood as non-fiction narratives written by oneself and significantly about oneself, including full-life autobiographies. Mike W. Martin explores perspectives on good lives as they are expressed in memoirs written by both philosophers and non-philosophers. Most of the chapters focus on one of the generic aspects of good lives: moral goodness, authenticity, meaningfulness, happiness, health, and self-fulfillment. The book clarifies how memoirists often employ life-based arguments in defending value perspectives and includes a discussion of whether philosophers

memoirs are distinctive compared to memoirs by non philosophers and also compared to other forums for doing philosophy Martin highlights some parallels between features of good lives and features of memoirs for example both can be said to be meaningful authentic and having virtues such as wisdom and courage Demonstrating how memoirs are rich resources in exploring the good lives and exploring ways in which philosophical ethics provide tools for interpreting memoirs Memoir Ethics will be of interest to a broad audience of students scholars and general readers including anyone interested in ethics or the connections between literature and philosophy

The Marrano Way Agata Bielik-Robson, 2022-05-09 The Marrano phenomenon is a still unexplored element of Western culture the presence of the borderline Jewish identity which avoids clear cut cultural and religious attribution and precisely as such prefigures the advent of the typically modern free oscillating subjectivity Yet the aim of the book is not a historical study of the Marranos or conversos who were forced to convert to Christianity but were suspected of retaining their Judaism undercover The book rather applies the Marrano metaphor to explore the fruitful area of mixture and cross over which allowed modern thinkers writers and artists of the Jewish origin to enter the realm of universal communication without at the same time making them relinquish their Jewishness which they subsequently developed as a hidden tradition The book poses and then attempts to prove the Marrano hypothesis according to which modern subjectivity derives to paraphrase Cohen out of the sources of the hidden Judaism modernity begins not with the Cartesian abstract ego but with the rich self reflexive self of Michel de Montaigne who wrestled with his own marranismo in a manner that soon became paradigmatic to other Jewish thinkers entering the scene of Western modernity from Spinoza to Derrida The essays in the volume offer thus a new view of a Marrano modernity which aims to radically transform our approach to the genesis of the modern subject and shed a new light on its secret religious life as surviving the process of secularization although merely in the form of secret traces
