Brand Antarctica Hanne Elliot Fønss Nielsen, 2023-12 Antarctica is and has always been very much for sale Whales seals and ice have all been marketed as valuable commodities but so have the stories of explorers The modern media industry developed in parallel with land based

Antarctic exploration and early expedition leaders needed publicity to generate support for their endeavors. Their lectures, narratives, photographs, and films were essentially advertisements for their adventures. At the same time, popular media began to use the newly encountered continent to draw attention to commercial products. These advertisements both trace the commercialization of Antarctica and reveal how commercial settings have shaped the dominant imaginaries of the place. By contextualizing and analyzing Antarctic advertisements from the late nineteenth century to the present, Brand Antarctica identifies five key framings of the South Polar continent: a place for heroes, a place of extremity, a place of purity, a place to protect, and a place that transforms. Demonstrating how these conceptual framings of Antarctica in turn circulate through our culture, Hanne Elliot Foss Nielsen challenges common assumptions about Antarctica's past and present, encouraging readers to rethink their own relationship with the Far South.

The 7 Minute Solution Allyson Lewis, 2013. Lewis shows how tiny daily choices and fast and easy shifts create lasting life improvement. What emerges is an accessible, clever, and highly actionable guide to tackling sometimes overwhelming challenges in manageable chunks. 272 pp.

Shackleton Fiennes Ranulph, 2022-01-04. When Ranulph Fiennes produces a book about Ernest Shackleton, it should get our attention. I found that the best way to read this book is to imagine that you are in a pub sharing a beer with Sir Ranulph while he regales you with his tale about Ernest Shackleton. Fiennes moves the narrative along at a good pace, and his storytelling becomes particularly animated when he is describing the actual grind of slogging through the snow and ice.

Lloyd Spencer Davis, The New York Times Book Review, front page review. An enthralling new biography of Ernest Shackleton by the world's greatest living explorer, Sir Ranulph Fiennes. To write about Hell, it helps if you have been there. In 1915, Sir Ernest Shackleton's attempt to traverse the Antarctic was cut short when his ship, *Endurance*, became trapped in ice. The disaster left Shackleton and his men alone at the frozen South Pole, fighting for their lives. Their survival and escape is the most famous adventure in history. *Shackleton* is a captivating new account of the adventurer, his life, and his incredible leadership under the most extreme of circumstances. Written by polar adventurer Sir Ranulph Fiennes, who followed in Shackleton's footsteps, he brings his own unique insights to bear on these infamous expeditions. *Shackleton* is both a re-appraisal and a valediction, separating Shackleton from the myth he has become.
