Quia City Of Heavenly Fire:

From Florence to the Heavenly City Claire E. Honess, 2017-07-05 Dante's political thought has long constituted a major area of interest for Dante studies yet the poet's political views have traditionally been considered a self-contained area of study and viewed in isolation from the poet's other concerns. Consequently the symbolic and poetic values which Dante attaches to political structures have been largely ignored or marginalised by Dante criticism. This omission is addressed here by Claire Honess whose study of Dante's poetry of citizenship focuses on more fundamental issues such as the relationship between the individual and the community, the question of what it means to be a citizen and above all the way in which notions of cities and citizenship enter the imagery and structure of the *Commedia*. **High Way to Heaven** Eric Leland Saak, 2002 This volume offers a reinterpretation of the late medieval Augustinian tradition by analyzing the political, religious, theological, institutional and mythical components that formed the self-identity of the Augustinian Order from the late 13th century to the emergence of Martin Luther. *The Mystical City of God* Mary of Agreda, At thirty five Mary Agreda began her *Mystical City of God* which was the fruit of her daily meditations and rapt states of contemplation. When this work appeared it was hailed with almost unanimous applause by the bishops of Spain. The Spanish Inquisition, always rigid in its censorship, regarded it as almost if not wholly of divine revelation. The Sorbonne at Paris held thirty-two stances in which five hundred and fifty doctors discussed its merits but finally condemned it with true national hostility to Spain. At Rome it was indeed placed on the Index but was removed shortly after by command of the pope himself, some say at the solicitation of the King of Spain. Though no formal approbation has ever been given to the work, Pope Alexander VIII authorized its circulation and Clement IX forbade its being placed on the Index. Its discussion, however, has delayed the process for the canonization of its author though no one ever doubted her sincerity, her earnest convictions and the saintliness of her character. In it she displays a mind thoroughly imbued with the religious spirit and though without education, strictly speaking, shows a knowledge of Scripture, a depth of theological learning and a correctness of scholastic terms that are truly surprising. The style is dignified and yet easy and some of her descriptions have a certain grandeur as in the Passion where Satan and his angels are represented as following Christ to Mount Calvary, bound in chains, forced to become witnesses of his sufferings and death and smitten to the ground at the moment of the Consummation. This is volume one out of four. **Christ and the Altar Fire: Sacrifice as Deification in Matthias Scheeben** David Augustine, 2025-01-01 For renowned nineteenth-century German dogmatic theologian Matthias Scheeben, the divinely instituted liturgical cult of the Old Testament is replete with soteriological import, figuratively signifying not only Christ's saving work and the sacramental worship of the New Testament but also the transformation and elevation of the rational creature by divine grace. Scheeben's distinctive use of sacrificial concepts is rooted in his underlying view of sacrifice as primarily perfective, directed to the glorification of God and constituted by the conversion of the offering into a pleasing and acceptable aroma via ritual burning with God-given fire. In

Christ and the Altar Fire David Augustine offers an in depth study of Scheeben s soteriology of sacrifice providing a comprehensive analysis of his theology of sacrifice as well as a detailed examination of his sacrificial construal of Christ s person his saving work and its application to others At the heart of this account is Scheeben s understanding of Christ s sacrifice as encompassing his entire paschal mystery passion death resurrection and ascension itself a passage of glorification that serves as the site and source of deifying and latreutic nuptial union As he shows Scheeben employs the altar fire typology to establish a unity of cross and glory that fully maintains the atoning and meritorious significance of Christ s saving death Displaying careful attentiveness to Scheeben s historical context and to the contours of his substantial corpus Augustine also brings Scheeben s biblically inflected dogmatic theology into dialogue with contemporary biblical and theological scholarship showcasing the enduring relevance of his thought

Chabannes Daniel F. Callahan, 2016-03-11 The tenth and eleventh centuries are pivotal for the history of the West The writings of Ademar of Chabannes many of which are still unpublished offer numerous insights into why these changes were occurring Because his promotion of the cult of St Martial of Limoges contains much that is exaggerated or even untrue his writings have been viewed with suspicion What this book seeks to do is make clear that such distrust is justified but that there is much material in those manuscripts throwing light on the origins of the crusades the rise of heresy the great feudal warfare and the reality of apocalyptic fear
