Finish Jonathan Acuff, Jon Acuff, 2017 While leading a thirty day online course to help people work on their goals the author learned something surprising the most effective exercises were not those that pushed people to work harder The ones that got people to the finish line did just the opposite they took the pressure off Why Because the sneakiest obstacle to meeting your goals is not laziness but perfectionism We re our own worst critics and if it looks like we re not going to do something right we prefer not to do it at all Amazon com **Start** Jon Acuff, 2013-04-22 Wall Street Journal best selling author Jon Acuff reveals the steps to getting unstuck and back onto the path of being awesome Over the last 100 years the road to success for most everyone has been divided into five stages that mirror the decades of working life Your 20s are a period of Learning This is the decade of trying a thousand things exploring a multitude of interests and discovering what really motivates you Your 30s are a period of Editing This is the decade of sorting out interests where you discover what you really care about and who you really are Your 40s are a period of Mastering This is the decade of narrowing focus honing skill sets and becoming an expert in your field Your 50s are a period of Harvesting This is the decade of reaping the benefits of good decisions and enjoying the highest income earning period in a career Your 60s are a period of Guiding This is the decade of mentoring training and encouraging others on their own road to success Every successful person has followed these steps regardless of their occupation But three things have changed the path to success and erased the decades associated with them Finish lines are dead Boomers are realizing that a lot of the things they were promised aren t going to

materialize and they have started second and third careers Anyone can play Technology has given access to an unprecedented number of people who are building online empires and changing their lives in ways that would have been impossible years ago Hope is boss The days of success first significance later have ended A new generation doesn't want to change the world eventually they want to change it now through the wells they kickstart in Africa and the TOMS they wear on their feet The value system has been flipped upside down The result is that you've got an entire generation pushing down to start over another generation pushing up to start for the first time and in the middle of this collision the tools to actually change the world Experience years now trump chronological age And while none of the five stages can be skipped they can be shortened and accelerated There are only two paths in life average and awesome The average path is easy because all you have to do is nothing The awesome path is more challenging because things like fear only bother you when you do work that matters The good news is Start gives readers practical honest actionable insights to be more awesome more often It's time to punch fear in the face escape average and do work that matters It's time to Start **Chosen For Purpose** Dayna Bickham, 2014-03-06 What are you here for What is your purpose Do you have one How can you find it We all ask these questions at one time or another as we go through life Finally here is a book that explores the journey In Chosen for Purpose Dayna Bickham ventures into the story of David and Goliath and shares beautiful truths will help equip you in your pursuit of purpose Woven in are everyday stories of struggle and faith capturing the moments when lives find purpose in some truly extraordinary ways You were chosen for this moment in time You were called for this season When you discover who you were designed to be you will begin to see life is not just a random stream of events but opportunities for greatness You will begin to dream again You will hope for more Even if giants stand between you and your dreams you will overcome Giants were made for slaying and you were made for greatness **Be the Mom** Tracey Lanter Eyster, 2012-11-30 The role of mom is often described as the most important job in the world Rightly so for so much is at stake during children's early years and moms are central in shaping character and personhood However when the going gets tough the endless diapers the continual messes the endless conflict resolution the complete lack of personal time etc moms are often tempted to quit their mom job While few would endorse an outright abandonment of motherhood others may recommend that a woman treat her role as secondary to personal desires in order to combat feelings of discouragement and or unfulfillment The enemy has laid intentional traps cleverly designed to discourage and redirect a woman towards self rather than family Moms need to know how to recognize these traps and avoid them Be the Mom Overcome Attitude Traps and Enjoy Your Kids explores and validates the life of a mom who makes her family a priority and introduces the reader to seven Mom Traps that may be preventing them from a full joy filled life **Ms. Circumcellionism Counsels!: Flash Fiction** Andrew Bushard, How about mixing Heresy Advancement and Entrepreneurship Advice Your wish is our command as this Volume describes Ms Circumcellionism's Circumcellionism Advancement and this Volume offers 8 Entrepreneurship Tips So when you want to
