Use the following table to find the remote control code required for your TV. This table provides the most common remote control codes usable by TV manufacturers. The specific buttons each code will operate on your DCM remote may vary by code and by TV.

If your TV does not respond to the HDMI remote, try another three-digit remote code (see the [Auto code search](#)) for instructions on programming your remote using Power Search or the manual on your device. A function is limited to around 1,000 code. Try again.
