

4-Source Audio/Video Switcher with Remote Control

VHS1100 User's Manual

Follow all safety and first-aid instructions at all times.

Installation

This installation lets you manage up to four video sources through one video input on your TV. The block diagram at the end of this manual shows how to connect. Connect the switcher to your TV first.

Important: Use either composite video (the yellow jack) or S-video (all of your connections, if all of your components including your TV offer S-video connections) and all S-video connections. Otherwise, use all composite video connections.

Connecting to your TV

1. **Make the video connection.**
Connect either an S-video cable or a composite video cable to the corresponding OUT VIDEO jack on the switcher's back panel. Connect the other end of the cable to the TV's video input jack.
2. **Make the audio connection.**
Connect a stereo audio cable to the OUT AUDIO L and R jacks on the switcher's back panel. Connect the other end of the cable to your TV's audio input jacks.

Make sure your cable is the color coding at the end of the cable, with the color coding on the jacket—usually red-white red and white with white.

Before Use/Warnings

Warning: Read the instructions carefully before use. Do not connect power to the switcher until you have completed all connections. After connecting, do not disconnect power.

Warning: Do not connect the switcher to the power source until you have completed all connections. The switcher must be properly grounded. Do not connect the switcher to the power source until you have completed all connections.
