Honig,2016-04-30 A landmark publication in the field this state of the art reference work with contributions from leading thinkers across a range of disciplines is an essential guide to the study of children and childhood and sets out future research agendas for the subject On the Move to Meaningful Internet Systems 2004: OTM 2004 Workshops Zahir Tari,Angelo Corsaro,2004-10-14 A special mention for 2004 is in order for the new Doctoral Symposium Workshop where three young postdoc researchers organized an original setup and formula to bring PhD students together and allow them to submit their research proposals for selection A limited number of the submissions and their approaches were independently evaluated by a panel of senior experts at the conference and presented by the students in front of a wider audience These students also got free access to all other parts of the OTM program and only paid a heavily discounted fee for the Doctoral Symposium itself In fact their attendance was largely sponsored by the other participants If evaluated as successful it is the intention of the General Chairs to expand this model in future editions of the OTM conferences and so draw in an audience of young researchers to the OnTheMove forum All three main conferences and the associated workshops share the distributed aspects of modern computing systems and the resulting application created by the Internet and the so called Semantic Web For DOA 2004 the primary emphasis stayed on the distributed object infrastructure for ODBASE 2004 it was the knowledge bases and methods required for enabling the use of formal semantics and for CoopIS 2004 the main topic was the interaction of such technologies and methods with management issues such as occurs in networked organizations These subject areas naturally overlap and many submissions in fact do not treat envisaged mutual impacts among them The Lighthouse Handbook on Vision Impairment and Vision Rehabilitation: Vision impairment ,2000 Hidden Hands Angela Bolton,Phillip Mizen,Christopher Pole,2002-01-04 Hidden Hands focuses on a specific and neglected area of contemporary child welfare that of children's paid work and labour This book provides the first cross cultural examination of children's productive activities their relationship to children's broader social lives and their implications for the child's education welfare and well being The contributors look at the situation both here and overseas They discuss issues including conflicts between schooling education and work in the UK child poverty motivating children to work children from ethnic minorities the work and labour of children in industrialised countries and the situation in the US Denmark Germany and Russia The growth in the study of childhood encompasses anthropology sociology social policy and social work as well as education This book will be of use in all of these areas Pictorial Assessment of Interpersonal Relationships (PAIR) Anna Silvia Bombi,Giuliana Pinto,Eleonora Cannoni,2007
