Question Paper 18march2014

Gareth Stansfield, Mohammed Shareef

Question Paper 18march2014:

The Interpretation and Uniformity of the UNCITRAL Model Law on International Commercial Arbitration Dean Lewis, 2016-03-22 Numerous jurisdictions worldwide have augmented their ratification of the New York Convention of 1958 with the UNCITRAL Model Law 1985 UML which takes a giant step forward toward global uniformity in legal application and understanding of the arbitration process This book develops a standard or benchmark for the UML objective of uniformity using the relevant legislation and case law of Hong Kong Singapore and Australia to consider whether a uniform approach to implementation of the UML and its interpretation is being achieved across those jurisdictions The author s methodological tools are eminently adaptable to other jurisdictions Given the importance of the ability to set aside an arbitral award the body of case law on setting aside and the directly related area of enforcement the emphasis throughout is on Article 34 In addition the study considers the meaning of uniformity in law and in the context of the UML the correct approach to interpretation of the UML pre and post Article 2A the interpretational relationship between the UML and the Convention on Contracts for the International Sale of Goods CISG the relationship between the UML and the New York Convention the degree of textual uniformity of Article 34 with the three jurisdictions focused on and the degree of applied uniformity of Article 34 both in terms of juristic methodology and similarity of results The author with more than thirty years of practice in the field of commercial arbitration in Hong Kong has had access to voluminous cases spanning decades and brings his specialist expertise to the subject This book considers whether the UML has succeeded in its aim of achieving uniformity It serves as a guide both academic and practical to exploring and adopting the correct approach to the interpretation of the UML as well as to the method of classification of court decisions under the UML This study is of immeasurable academic and practical value

The Kurdish Question Revisited Gareth Stansfield, Mohammed Shareef, 2017-08-15 The Kurds once marginal in the study of the Middle East and secondary in its international relations have moved to centre stage in recent years The contributors to *The Kurdish Question Revisited* offer insights into how this once seemingly intractable immutable phenomenon is being transformed amid the new political realities of the Middle East

Tainted Democracy Zsuzsanna Szelényi, 2022-11-21 Hungary once the poster child of liberal democracy is fast becoming an autocracy under Viktor Orbán After winning an absolute majority in 2010 Orbán launched a series of reforms fundamentally undermining the country s twenty year post Cold War liberal consensus For supporters and foes alike the rise and rise of Hungary s prime minister is a vivid example of how democracy can be subverted from within Zsuzsanna Szelényi a leading member of Orbán s Fidesz in its early years has witnessed first hand the party s shift from liberalism to populist nationalism Offering an insider s account of Fidesz s evolution since its creation she explains how the party rose to leadership of the country under Orbán and made sweeping legal political and economic changes to solidify its grip on power from reining in the public media to slashing the number of parliamentary seats She answers a key question why has Orbán been so successful winning widespread support

within Hungary and wielding considerable influence in European politics And how can Hungary's opposition party Together which she co founded in 2014 work to turn the country around Underpinned by Szel nyi's own experiences at the heart of Hungarian politics Tainted Democracy offers accessible nuanced insights into the global rise of populist autocracy and how it can be challenged

Oversight of Biological and Ecological Emergencies Ahilya Bandopadhyay, 2025-01-24 Oversight of Biological and Ecological Emergencies delves into managing biological disasters and ecological crises that impact public health and the environment The book covers topics such as bioterrorism invasive species management and strategies for reducing the spread of infectious diseases We explore case studies on the impacts of biological emergencies and provide practical guidelines for emergency preparedness and response The book also addresses policy frameworks and international cooperation needed to manage these crises effectively Ideal for public health officials environmental scientists and emergency planners this resource offers actionable insights for handling biological and ecological threats

Financial Regulation in the European Union Rainer Kattel, Jan Kregel, Mario Tonveronachi, 2015-10-08 This collection offers a comparative overview of how financial regulations have evolved in various European countries since the introduction of the single European market in 1986 It includes a number of country studies which provides a narrative of the domestic financial regulatory structure at the beginning of the period as well the means by which the EU Directives have been introduced into domestic legislation and the impact on the financial structure of the economy In particular studies highlight how the discretion allowed by the Directives has been used to meet the then existing domestic conditions and financial structure as well as how they have modified that structure Countries covered are France Germany Italy Spain Estonia Hungary and Slovenia The book also contains an overview of regulatory changes in the UK and Nordic countries and in post crisis USA This comparative approach raises questions about whether past and more recent regulatory changes have in fact contributed to increase financial stability in the EU The comparative analysis provided in this book raises questions on whether the past and more recent changes are contributing to increase the financial stability and efficiency of individual banks and national financial systems The crisis has demonstrated the drawbacks of formulating the regulatory framework on standards borrowed from the best industry practices from the large developed countries originally designed exclusively for large global banks but now applied to all financial institutions

Building Military Science for the Benefit of Society Wolfgang Peischel, Christoph Bilban, 2020-08-03 The present book not only illustrates the ISMS Conference's objectives and presents the contents of the lectures but also expands on them through further in depth contributions the results of academic research carried out on the Conference topic both across disciplines and ISMS member states are thus further illuminated The book intends to provide teachers with a guide to possible developments in the field of military science and students with greater insights into its objectives and principles The key question is what added value what kind of USP military science could furnish for society what specific support not already covered by other scientific disciplines or organizations If it were only the

science of organizing structuring and commanding armed forces it would not be necessary to define and establish an independent scientific discipline the military itself could accomplish all that in the required quality by itself What would give legitimacy to an independent discipline called Military Science is a comprehensive i e not only military strategic organic collection of primarily intellectual capabilities safeguarding the secure long term survival of the state and its people thus contributing to the benefit of society In order to increase the publication s academic value and to provide authors with an additional incentive to contribute in future the book was subjected to a peer review process

Neighbourhood Policy and the Construction of the European External Borders Filippo Celata,Raffaella Coletti,2015-06-11 This book looks both backward and forward with regard to the European Union s political strategies towards its neighbouring countries By bringing together the perspectives of critical geopolitics policy studies and border studies it presents a comprehensive review of the European Neighbourhood Policy and how it impacts the ongoing construction of the EU s external frontiers Is the EU committed to promoting integration in a wider European space or is a fortress Europe emerging where the strengthening of internal cohesion is coupled with the militarisation of its external borders The book aims to problematize this question by showing how the EU s external policies are based on a mixture of openness and closure inclusion and exclusion cooperation and securitisation The European Neighbourhood Policy is a controversial strategy where regionalization and bordering homogenisations and differentiations centrifugal and centripetal forces proceed side by side in an explicit attempt to construct a selective mobile and fragmented border A specific focus is devoted to the diversity of geo strategies the EU is pursuing in its neighbouring countries and regions macro regional strategies and cross border cooperation initiatives as new scales of cooperation and the role of other global players

Value Chains in Sub-Saharan Africa Sören Scholvin,Anthony Black,Javier Revilla Diez,Ivan Turok,2019-05-09 Development largely depends on how given places participate in global economic processes The contributions to this book address various features of the integration of sub Saharan Africa into the world economy via value chains so as to explain corresponding challenges and opportunities The book deals with five issues that have not been covered adequately in scientific debates first policies are essential to promote value chains and increase their impact on development second value chains are diverse and the variance between them has major economic and political implications third regional value chains appear to constitute a viable alternative to global ones or at least are complementary to them promising better developmental outcomes for the Global South fourth political and socio economic factors are important considerations for a complete assessment of value chains fifth cities and city regions are also crucial objects of study in seeking to achieve a comprehensive assessment of value chains

Politics, Public Policy and Social Protection in Africa Nicholas Awortwi,Emmanuel Aiyede,2017-05-08 Africa is now in a much improved position to support its poor and vulnerable people It has more money more policy commitment and abundant intervention programmes Yet the number of citizens living lives of desperation or at risk of destitution is at an all time high and still rising

What is turning such positive prospects into such a disappointing result Politics Public Policy and Social Protection in Africa reveals key answers drawing on empirical studies of cash transfer programmes in Botswana Ghana Kenya Nigeria and Uganda Social cash transfer might be the most effective safety net formula to emerge so far The country chapters in this book explore why it works and how it might be harnessed for poverty alleviation The studies uncover the very different motives of donors politicians and the poor themselves for making it their preferred choice why governments are not expanding the donor driven pilot programmes as expected and why ruling elites are not trying to help or hinder a concept which on the face of it could derail one of their most lucrative gravy trains This book will be of value and interest to researchers and students of African politics African social policy and sociology as well as policy maker and donors

Adivasis, Migrants and the State in India Jagannath Ambagudia, 2018-12-07 This book looks at the contested relationship between Adivasis or the indigenous peoples migrants and the state in India It delves into the nature and dynamics of competition and resource conflicts between the Adivasis and the migrants Drawing on the ground experiences of the Dandakaranya Project when Bengali migrants from erstwhile East Pakistan now Bangladesh were rehabilitated in eastern and central India the author traces the connection between resource scarcity and the emergence of Naxalite politics in the region in tandem with the key role played by the state He critically examines the way in which conflicts between these groups emerged and interacted were shaped and realised through acts and agencies of various kinds as well as their socio economic cultural and political implications The book explores the contexts and reasons that have led to the dispossession deprivation and marginalisation of Adivasis Through rich empirical data this book presents an in depth analysis of a contemporary crisis It will be useful to scholars and researchers of political studies South Asian politics conflict studies political sociology cultural studies sociology and social anthropology
