Historia Ludens Alexander von Lünen, Katherine J. Lewis, Benjamin Litherland, Pat Cullum, 2019-08-30 This book aims to further a debate about aspects of playing and gaming in connection with history Reaching out to academics professionals and students alike it pursues a dedicated interdisciplinary approach Rather than only focusing on how professionals could learn from academics in history the book also ponders the question of what academics can learn from gaming and playing for their own practice such as gamification for teaching or using play as a paradigm for novel approaches into historical scholarship Playing and gaming are thus understood as a broad cultural phenomenon that cross pollinates the theory and practice of history and gaming alike Hollywood or History? Sarah J. Kaka, 2022-01-01 The rationale for the present text Hollywood or History An Inquiry Based Strategy for Using Film to Teach About Inequality and Inequity Throughout History stems from two main things First and foremost is the fact that the reviews of the first two volumes in the Hollywood or History series have been overwhelmingly positive especially as it pertains to the application of the strategy for practitioners Classroom utility and teacher practice have continued to be the primary objectives in developing the Hollywood or History strategy The second thing is that this most recent volume in the series takes it in a new direction rather than focusing on eras in history it focuses on the themes of inequity and inequality throughout history and how teachers can utilize the Hollywood or History strategy to tackle some of the more complicated content throughout history that many teachers tend to shy away from There is a firm belief that students connection to film along with teachers ability to use film in an effective manner will help alleviate some of the challenges of teaching challenging topics such as inequity and inequality in terms of gender race socioeconomic status and so much more The book provides 30 secondary lesson plans grades 6 12 that address nine different topics centered around inequity and inequality throughout history many of which connect students to the world we are living in today The intended audience for the book are teachers who teach social studies at the 6th 12th grade level both in the United States and other countries An additional audience will be college and university social studies history methods professors in the United States and worldwide **Questions and answers for job interview Offshore Drillings Rigs** Petrogav International Oil & Gas Training Center, The job interview is probably the most important step you will take in your job search journey Because it s always important to be prepared to respond effectively to the questions that employers typically ask at a job interview Petrogav International has prepared this eBooks that will help you to get a job in oil and gas industry Since these questions are so common hiring managers will expect you to be able to answer them smoothly and without hesitation This eBook contains 270 questions and answers for job interview and as a BONUS 287 links to video movies This course covers aspects like HSE Process Mechanical Electrical and Instrumentation Control that will enable you to apply for any position in the Oil and Gas Industry 100 technical questions and answers for job interview Offshore Oil & Gas Platforms Petrogav International Oil & Gas Training Center, 2020-06-30 The job interview is probably the most important step
