Managing a Company in an Activist World Edmund M. Burke,2005-02-28 Against a backdrop of corporate scandal business leaders can no longer rely on the old fashioned style of one sided community relations programs to promote a good image Nor can they expect preferential treatment just because they meet their tax obligations Pressure from all sides is forcing corporate leaders to increase their investments in the communities they serve and redefining their relationships with key stakeholder groups including employees suppliers governing boards shareholders and the press Safeguarding the environment supporting human rights eliminating child labor entering into partnerships with nonprofit organizations solving community problems opening up financial reports to scrutiny consulting with community residents and contributing to local charities are now essential elements of corporate character *Managing a Company in an Activist World* takes the discussion of corporate citizenship to a new practical level offering business leaders answers to such tough questions as What do our stakeholders value most How can we respond to a growing number of formal compliances and informal demands How do we most effectively communicate our role as a good corporate citizen And perhaps most importantly how can we shake off inertia public skepticism and short term focus to make corporate citizenship a priority without sacrificing growth and profits Illustrating the depth and breadth of the issues through a variety of in depth examples from Jesse Jackson s threatened boycott of Anheuser Busch to rural Virginians uprising against Disney s proposed theme park to energy giant BC Hydro s successful response to environmentalists concerns Burke demonstrates how community involvement can influence corporate strategy to everyone s net benefit He goes on to outline specific strategies that corporate leaders can employ to shake off inertia public skepticism and short term focus to make corporate citizenship a priority without sacrificing growth and profits

Construction Management Abdul Razzak Rumane, 2025-08-14 Management process groups along with the processes in the knowledge areas having to do with the principles and concepts used in the development of major construction activities are very important in the overall construction management process. This volume covers the application of these activities that manage the construction project from inception through to the completion of the construction project. Construction Management Project Management Process Principles and Concepts discusses the five elements of management functions which include planning, organizing, staffing, directing, and controlling, and explains how these activities/elements of management functions can be used in construction projects. Information about strategic planning, operational planning, intermediate planning, and contingency planning and the steps involved with relevance to construction projections is offered in this volume. The different types of organizational structures such as simple functions, divisional, matrix, team-based, network, and modular, with an example organizational chart, are presented. Also covered are staffing processes such as acquisition, roles, and responsibilities, assessment, team building, training, and development, along with directing and controlling elements of the management functions. This volume is rounded out with the inclusion of the five types of management processes such as initiating, planning, executing, monitoring, controlling, and closing, along with applicable knowledge areas based on the PMBOK methodology. This volume provides significant information and guidelines to construction and project management professionals, owners, designers, consultants, construction managers, project managers, supervisors, contractors, builders, developers, and many others from the construction-related industry involved in construction projects, mainly civil construction projects, commercial A/E projects, and construction-related industries.
