

Perseverance and Success

When we steadfastly believe in doing something successfully and stick to it despite the challenges and the obstacles that we encounter and remain resolute, we are showing perseverance. Perseverance plays an instrumental role in our life and the best part is that this quality can be acquired without a college education or a formal degree. Perseverance can be developed and enhanced with gradual steps and smaller successes. It is like placing the pieces of a jigsaw puzzle. You have to be really patient and stick to the task with determination until each piece fits. Only then we can succeed in having a complete picture in front of us.

Knowledge and information play a key role where persistence is concerned. To move ahead in life and actually make a difference the learning should never stop. It can help us summit the mountains which may otherwise seem impossible. Gaining knowledge about the challenges that we face is one of the key factors that's helpful in overcoming our failures. Learning the causes of failures is another f
