Integrating the E-SRT**

DIRECTIONS —→ All of the following questions require the use of the Earth Science Reference Tables. They have been compiled so you can become more proficient at locating the page number where the Reference Table needed to answer the question is located within the booklet and recognize the process and procedures needed to use the information in each reference table to arrive at the correct answer. There is always a correct answer but knowing HOW to use the E-SRT will be more beneficial than knowing the correct multiple-choice response. Practice will help you do this.
