NETWORKING 2010 Mark Crovella,Laura Marie Feeney,Dan Rubenstein,S.V. Raghavan,2010-04-26 This book constitutes the refereed proceedings of the 9th IFIP TC6 Networking Conference Networking 2010 Papers were solicited in three broad topic areas applications and services network technologies and internet design All papers were considered on their merits by a uni ed Technical Program Committee TPC there was no attempt to enforce a quota among topic areas We believe the resulting program is an excellent representation of the breadth of recent advances in networking research This year the conference received 101 full paper submissions from 23 countries on five continents reflecting a strong diversity in the networking community Similarly the 92 members of the TPC are from 21 countries and include a mix of academic industry and governmental affiliations The TPC members aided by some 50 external reviewers provided a total of 470 reviews and follow up discussions totaling more than 200 messages The final selections were made at a TPC meeting hosted by Columbia University in New York City with both in person and remote participation In total authors of accepted papers have academic and industry affiliations

in 15 countries. We finally selected 24 papers for presentation during the conference technical sessions. A small number of papers were assigned a shepherd from the TPC to assist in paper revision. These statistics represent an acceptance rate of just under 24% comparable to that of previous years. The TPC also identified several papers that reflect particularly promising early results; these papers were selected for presentation as work in progress papers and are identified as such in the proceedings.
