

TOEFL Independent Writing Sample

College is a place **where** students expand their knowledge and undergo new experiences. **Of course**, different people have different reasons for **studying** in college. For example, some people want to go on to post graduate studies, some hope to improve their job prospects, and some simply want to change their present situation. **In my opinion**, further education sets a person up for a better future, **regardless** of their motivation.

First of all, in terms of **gaining** knowledge, institutions of higher education expose students to a range of instructors, all of **whom** have **their** own area of expertise to share and with **which** **they** can help **their** students solve problems. **With** their help, students learn both basic and professional knowledge **which** may prove to be very useful **as** they go on to both work and contribute to society.

Secondly, in terms of new experiences, students learn how to prioritize and arrange their own time reasonably. Until college, **students'** lives are typically **organized** by their parents, **while** their studies are often arranged by their teachers. At university, students become solely responsible for decisions about both **living** and **studying**, **including** **deciding** **when** to get up, participate in sports, and complete assignments. **This** ability to prioritize, schedule, and perform is a critical life skill for future success.

Thirdly, **studying** in the college offers unique **socializing** opportunities. Everything from **sharing** accommodation to **completing** group-work demands a higher level of cooperation than most people experience elsewhere. **As** students acquire these invaluable communication skills, **they** become better prepared to contribute fully to the global society.

All in all, anyone **who** opts for further education enters a world of new experiences **that** will broaden their horizons, increase their knowledge base, and strengthen their communication skills; **thereby**, **setting** them up for successful futures.
