Digest of Education Statistics ,2008 Contains information on a variety of subjects within the field of education statistics including the number of schools and colleges enrollments teachers graduates educational attainment finances Federal funds for education libraries international education and research and development Digest of Education Statistics, 2008 Thomas D. Snyder,Sally A. Dillow,2009-05-08 Statistical information on the whole range of American education is presented in this volume Coverage ranges from kindergarten through graduate school and is based upon data from both government and private sources The main part of the book is composed of the following chapters all levels of education elementary and secondary education federal programs for education and related activities outcomes of education international comparisons of education and learning resources and technology Supplemental sections on population trends attitudes towards education education characteristics of the labor force government finances and economic trends provide the background needed for evaluating education data Arts-Based Education Tatiana Chemi,Lihong Wang,Xiangyun Du,2019-05-07 Core texts addressing creativity in a number of contexts show that creativity as a scientific subject has received principally the attention of Western scholars Is this due to the fact that Western cultures are more creative or sensitive to creativity than the Eastern cultures The editors strongly believe that this is more due to the differences in understanding and practising creativity in the West and East than to an Eastern indifference to creativity Arts Based Education China and Its Intersection with the World investigates the field of arts based educational practices and research It argues that reflections on these themes must necessarily be reframed and re read beyond the limits of colonialist oppositions and suggests a constructive and reflexive

approach to theory and methodology which takes into account intercultural and critical perspectives in these studies This volume is the tangible product of the acknowledgement that China and Chinese culture deserves a more systematic and up to date dissemination through recent studies that bring together the arts learning and creativity It is clustered around two themes 1 China and its communication with the world through arts based education in international contexts and 2 the development of arts education in China
