Passing On Curves While Death Rides Shotgun:

Passing on Curves Craig McLaughlin, 2015-05-19 In gripping essays taken from his stage performances Craig McLaughlin takes us down a road where death lurks around every turn As a newborn he almost bleeds to death because of hemophilia His life expectancy at birth is 12 years Despite the odds however he survives to adolescence only to find himself living on an animal research facility where the humans can be more menacing than the tigers and other exotic animals As he struggles in adulthood with HIV he contracted from contaminated medicine his wife's breast cancer threatens to make his daughter an orphan McLaughlin is a survivor who displays a tremendous reverence for both life and death With formidable intuition he navigates blind curves to arrive at a destination rich with insight compassion and humor Told with unflinching honesty *Passing on Curves* is a memoir of inspirational courage Story subjects include Being trapped in a pickup cab with an out of control chimpanzee Waking to find a jaguar slobbering over his ankle Dreaming of a demon that forced him to confront his own death Gearing up for a gun battle with the Hells Angels Comforting the man his mother and stepfather kidnapped Being run over and nearly crippled by a llama *Riding Shotgun in an 18-Wheeler* Toni Dietkus, 2011-10-05 Stories about experiences of people who drive eighteen wheeled trucks for a living **Death Wins All Wars** Daniel Holland, 2019-09-01 While Daniel Holland's memoir details his involvement in the draft resistance movement of the 1960s the impetus to share his story now comes from the dangerous new president and congress that have taken control of the United States Government There is no telling how quickly they will plunge our nation into war People who are of age to fight in the wars of today were not yet born when the lessons of Vietnam were being learned so this book may serve as a guide to the decisions they face in today's volatile world Holland's chapters highlighting the headlines and breaking news of the time alternate with coming of age rites of passage chapters as his personal memories and current reflections on those events portray a growing consciousness and his evolution of youthful naiveté into committed antiwar activism Then his focus turns to the legal adventures that follow indictment arrest arraignment defending himself at trial and sentencing Interspersed with these he shares episodes of draft board raids secret rooms and the day to day responsibilities of a full time activist He follows a surprise ending with a thoughtful afterword contemplating our personal responsibilities for peace **Walking the Warzones of Pakistan: One Woman's Journey into the Shadow of the Taliban** Ruth Anne Kocour, 2015-07-08 Trek to K2 and Pakistan's tribal regions bordering Afghanistan Kashmir Tajikistan and China See topography that has led to isolation physical and cultural of tribes blocked for centuries by natural barriers lack of infrastructure and communication Ruth Anne Kocour's tale of travel and adversity lends a face to today's news and a glimpse into what we all have in common our humanity Mines and Quarries. Reports ... 6. Midland and Southern Division, 1922 Tender Duty Neil G. Carey, 2004 An old destroyer tender and her hard working crew fight a different kind of war in the Southwest Pacific **A Certain Curve of Horn** John Frederick Walker, 2004-02-20 Walker weaves a surprisingly fascinating story around one animal involving

colonialism revolution biology and politics Hard to put down Booklist In A Certain Curve of Horn veteran journalist John Frederick Walker tells the story of one of the most revered and endangered of the regal beasts of Africa the giant sable antelope of Angola a majestic coal black quadruped with breathtaking curved horns over five feet long It is an enthralling and tragic tale of exploration and adventure politics and war the brutal realities of life in Africa today and the bitter choices of conflicting conservation strategies A Certain Curve of Horn traces the sable s emergence as a highly sought after natural history prize before the First World War and follows its struggle to survive in a war zone fought over by the troops of half a dozen nations and its transformation into a political symbol and conservation icon As he follows the trail of this mysterious animal Walker interweaves the stories of the adventurers scientists and warriors who have come under the thrall of the beast and how their actions would shape the fate of the giant sable antelope and the history of the war torn nation that is its only home A Certain Curve of Horn deserves to be ranked with Peter Matthiessen s classic The Snow Leopard The Philadelphia Inquirer
