

Stop TB Partnership Secretariat (STBP) 2018 financial management report has been prepared following "Accruals" principles under the International Public Sector Accounting Standards (IPSAS). As per the accruals principles, the recognition of economic events happens by matching revenues to expenses (the matching principle) at the time the transaction occurs rather than when cash is transferred (or received). This approach provides a more accurate picture of the entity's real financial status.

As previous years, in accordance with its Financial Policy approved by the Coordinating Board in 2004 and the new Financial Management Policy Outline reviewed by the Finance Committee in December 2016, STBP accumulates cost elements and prepares the financial management report on activity-based costing and IPSAS principles.

Under UNOPS processes, financial liabilities are managed through establishing encumbrances in its financial system. Thus, for any order placed or contract entered into by UNOPS on behalf of STBP, an encumbrance is established in UNOPS system. No encumbrance is established unless funds are available. Expenditures are incurred against previously established encumbrances as per UNOPS rules. This approach prevents liabilities being entered into or expenditure incurred unless funds are available, ensuring a tight control and good financial management of the STBP funds.

Based on this approach, UNOPS financial system (oneUNOPS) and STBP Order Management System (OMS) were used and financial data was extracted to prepare the annual financial management report for 2018. The objective was to maintain the consistency with prior years and to illustrate the manner in which the cost elements related to the Partnership's key functional entities evolve over time.

In addition, few financial adjustments have been reflected in the STBP 2018 financial management report that relate to prior periods.

The balance brought forward from prior years was US\$107.5 million. Out of this balance brought forward, a total of US\$14.85 million corresponded to funds encumbered prior to the reporting period and shall have been disbursed after 1 January 2018.

The income in 2018 of US\$106.9 million shows a decrease of 35% vs 2017 income of US\$164.8 million, mainly due to the decrease in the income received from countries for In-House Procurement orders placed through GDF (from US\$103.6 million in 2017 to US\$37.6 million in 2018). This sharp decrease in the number and value of In-House procurement orders placed through GDF in 2018, coincided with the Global Fund's (GF) new grant funding cycle starting in January 2018. Due to the GF's transition between 2 funding/grant cycles and the risk of losing any unspent funds at the end of a grant cycle, at the end of 2017, many GDF client countries were aiming to use up as much of their allocated funds as possible, including reprogramming of unspent funds on the procurement of commodities. This explains the unusual high expenditure incurred in 2017 vs. 2018 for the same cost category.

The overall expenditure in 2018 of US\$100.1 million shows a decrease of 31% versus the expenditure incurred in 2017 of US\$145.8 million. This decrease in the overall expenditure is mainly explained by the decrease in expenditure incurred under the Strategic Goal 3 (GDF). GDF expenditure showed a 44% decrease from 2017 to 2018, from US\$119.8 million in 2017 to US\$66.6 million in 2018, explained by the significant decrease in the value of the In-House procurement of TB diagnostics and drugs done through GDF vs. previous year, as explained above (from US\$88.5 million in 2017 to US\$54 million in 2018), and also by the build-up of the new Strategic Rotating Stockpile for drugs (nonrecurring cost of US\$19.1million) that took place in 2017.

Sample Financial Statement Narrative Report

R H Parker

Sample Financial Statement Narrative Report:

Financial Accounting, Reporting, and Analysis Jennifer Maynard, 2017 Offering both technical and interpretative content this is the only truly balanced financial accounting textbook to provide students not only with the how and why of financial information but also guidance on what this means in practice *Understanding Company Financial Statements* R H Parker, 2007-10-04 This concise and informative guide to the financial statements of companies has been thoroughly revised and updated for this new edition The language of accounting and finance is presented in a clear and accessible manner No previous knowledge of accountancy is assumed and the emphasis is on analysis and interpretation rather than accounting techniques Referring throughout to the financial statements of actual companies Professor Parker shows not only how to read a balance sheet but also what investors should look out for He explains many important financial and accounting concepts and deals with taxation audit profitability and return on investment liquidity and cash flows sources of funds and capital structure *Disruption in Financial Reporting* Krish Bhaskar, John Flower, 2021-01-21 Since the global financial crisis of 2007 8 new laws and regulations have been introduced with the aim of improving the transparency in financial reporting Despite the dramatically increased flow of information to shareholders and the public this information flow has not always been meaningful or useful Often it seems that it is not possible to see the wood for the trees Financial scandals continue as Wirecard NMC Health Patisserie Valerie going back to Carillion and many more demonstrate Financial and corporate reporting have never been so fraught with difficulties as companies fail to give guidance about the future in an increasingly uncertain world aided and abetted by the COVID 19 pandemic This concise book argues that the changes have simply masked an increase in the use of corporate PR impression management bullet points glossy images and other simulacra which allow poor performance to be masked by misleading information presented in glib boilerplate texts images and tables The tone of the narrative sections in annual reports is often misleading Drawing on extensive research and interviews with insiders and experts this book charts what has gone wrong with financial reporting and offers a range of solutions to improve information to both investors and the public This provides a framework for a new era of forward looking corporate reporting and guidance based on often conflicting multiple corporate goals The book also examines and contrasts the latest thinking by the regulatory authorities Providing a compelling exploration of the industry's failings and present difficulties and the impact of future disruption this timely thought provoking book will be of great interest to students researchers and professionals as well as policy makers in accounting financial reporting corporate reporting financial statement analysis and governance
