

Opening Remarks at the Miss India Holland Pageant
Sunday, 5th December 2010

Dear Friends,

1. It is with great pleasure that I accepted the kind offer to be a Special Guest at the Miss India Holland Pageant. This is an unique event which is not only a beauty pageant but a pageant in which Indian ladies present their culture. It is symbolic of how Indian culture is represented here in the Netherlands. The lucky winner will participate in the Miss India world wide Pageant to be held in Dubai, UAE, next year.

2. It would therefore be appropriate to recall the place of women in our history and civilizations going back to Millenia. Women have a unique place in Indian culture including the inter-linkage with nature. It is for this reason that we say Mother Earth, Mother India, Maa Ganga etc. Indian culture has been sustained for more than 5000 years primarily because of the role of women. All of you are familiar with the role of women in Indian mythology but perhaps it is important to recall that even in the last century Margaret Noble became Sister Nivedita and disseminated the word of Vivekananda while the Mother was a spokesperson for Aurovindo. The Indian woman has traditionally been equated with "Shakti" - "Power" derived from the Sanskrit word of "Power" or "Energy". Shakti represents creation, fire, the brilliance of the Sun and the very life force of all living beings. She also represents intelligence (Buddhi), compassion (Daya) and divine love (Bhakti) among her many functions. The women we see here today symbolize the Indian women in all these different manifestation. Feminism came to India thousands of years ago. Indeed, part of the Rig Veda (2250-1500 B.C.) is known as "Devi Sukta" and symbolizes recognition of Shakti as a cosmic principle. Throughout history, the Indian woman played this twin role of beauty and compassion on one hand and intelligence on the other. This is what makes the Indian women unique!
