Temple Bar George Augustus Sala, Edmund Yates, 1893 *The Saturday Review of Politics, Literature, Science, Art, and Finance*, 1929 *The Saturday Review of Politics, Literature, Science and Art*, 1929 **Boot and Shoe Recorder**, 1919 **Language Talent and Brain Activity**

Grzegorz Dogil, Susanne Maria Reiterer, 2009-07-29 This comprehensive project has the objective of describing and assessing pronunciation talent with special focus on its psychological and neural correlates. The first part of this undertaking describes the extensive tests necessary to measure phonetic talent in its various dimensions such as production and perception, the segmental and suprasegmental levels of speech and different utterance forms such as spontaneous speech, reading and imitation. Subjects are examined in their native language German, a familiar second language English, and to a lesser degree an unfamiliar language Hindi. The project also investigates psychological and behavioral influences such as empathy or motivation on pronunciation performance as well as correlations with general linguistic aptitude. The described measures and correlations allow a reliable classification of proficiency and talent level to be used in the selection of subjects for the neuroimaging studies in the second part of the project. These use functional magnetic resonance imaging in order to observe differences in brain activity between talented and untalented individuals during the performance of phonetic tasks: perception of phonetic differences, imitation, reading.

Philips, 2007-11-01 Organised around each decade of the post war period this book analyses novels written by and for women from 1945 to the present Each chapter identifies a specific genre in popular fiction for women which marked that period and provides case studies focusing on writers and texts which enjoyed a wide readership Despite their popularity these novels remain largely outside the canon of women s writing and are often unacknowledged by feminist literary criticism However these texts clearly touched a nerve with a largely female readership and so offer a means of charting the changes in ideals of femininity and in the tensions and contradictions in gender identities in the post war period Their analysis offers new insights into the shifting demands aspirations and expectations of what a woman could and should be over the last half century Through her analysis of women s writing and reading Philips sets out to challenge the distinction between popular and literary fiction arguing that neat categories such as popular middle brow and serious fiction need more careful definition

Women's Fiction Deborah Philips, 2014-06-19 Now in its second edition and with new chapters covering such texts as Elizabeth Gilbert s Eat Pray Love and yummy mummy novels such as Allison Pearson s I Don t Know How She Does It this is a wide ranging survey of popular women s fiction from 1945 to the present Examining key trends in popular writing for women in each decade Women s Fiction offers case study readings of major British and American writers Through these readings the book explores how popular texts often neglected by feminist literary criticism have charted the shifting demands aspirations

and expectations of women in the 20th and 21st centuries *Combining Mediation and Arbitration in International Commercial Dispute Resolution* Dilyara Nigmatullina, 2018-06-28 Securing fast inexpensive and enforceable redress is vital for the development of international commerce In a changing international commercial dispute resolution landscape the combined use of mediation and arbitration has emerged as a dispute resolution approach which offers these benefits However to date there has been little agreement on several aspects of the combined use of processes which the literature often explains by reference to the practitioner s legal culture and there is debate as to how appropriate it is for the same neutral to conduct both mediation and arbitration Identifying the main ways of addressing concerns associated with the same neutral conducting both mediation and arbitration same neutral arb med arb this book examines how effectively these methods achieve the goal of fast inexpensive and enforceable dispute resolution evaluating to what extent the perception and use of the same neutral arb med arb depends on the practitioner s legal culture arguing that this is not a one size fits all process Presenting an empirical study of the combined use of mediation and arbitration in international commercial dispute resolution this book synthesises existing ways of addressing concerns associated with the same neutral arb med arb to provide recommendations on how to enhance the use of combinations in the future *The British Contribution to the Europe of the Twenty-First Century* B.
