Reel Power Hollywood Cinema And American Supremacy:

Reel Power Matthew Alford,2010 **Reel Power** Matthew Alford,2010-08-06 Hollywood is often characterised as a stronghold of left liberal ideals In *Reel Power* Matthew Alford shows that it is in fact deeply complicit in serving the interests of the most regressive US corporate and political forces Films like *Transformers* *Terminator Salvation* and *Black Hawk Down* are constructed with Defence Department assistance as explicit cheerleaders for the US military but Matthew Alford also emphasises how so called radical films like *Three Kings* *Hotel Rwanda* and *Avatar* present watered down alternative visions of American politics that serve a similar function *Reel Power* is the first book to examine the internal workings of contemporary Hollywood as a politicised industry as well as scores of films across all genres No matter what the progressive impulses of some celebrities and artists Alford shows how they are part of a system that is hard wired to encourage American global supremacy and frequently the use of state violence **Who Paid the Pipers of Western Marxism?** Gabriel

Rockhill,2025-12 *Who Paid the Pipers of Western Marxism* offers a crash course in the history of imperialist propaganda as well as in the Marxist method for analyzing culture and ideology Author Gabriel Rockhill demonstrates the explanatory and transformative superiority of a dialectical and historical materialist approach while elucidating how the world of ideas is a crucial site of class struggle He then engages in a meticulous counter history of the Frankfurt School which made a foundational contribution to Western Marxism by situating it within the global relations of class struggle and the imperialist war on actually existing socialism With the explicit and direct backing of powerful elements in the capitalist ruling class and the world s leading imperialist state the Frankfurt School developed a widely promoted form of compatible critical theory as an ersatz for dialectical and historical materialism The volume concludes by bringing to the fore the positive project that serves as the guiding methodological framework for the work as a whole a thoroughly anticolonial and anti imperialist Marxism dedicated to building socialism in the real world Drawing on extensive archival research to pull back the curtain on ruling class machinations Rockhill s book elucidates how the intellectual world war on the socialist alternative has sought to shore up and promote a compatible left intelligentsia while misrepresenting maligning and trying to destroy the revolutionary left **Sorcerer** Mark Wheeler,2022-01-25 William Friedkin s film *Sorcerer* 1977 has been subject to a major re evaluation in the last decade A dark re imagining of the French Director H G Clouzot s *Le Salaire de la Peur* *The Wages of Fear* 1953 based on George Arnaud s novel the film was a major critical and commercial failure on its initial release Friedkin s work was castigated as an example of directorial hubris as it was a notoriously difficult production which went wildly over budget It was viewed at the time as th end of New Hollywood However within recent years the film has emerged in the popular and scholarly consciousness from enjoying a minor cult status to becoming subject to a full blown critical reconsideration in which it has been praised a major work by a key American filmmaker Globalizing Collateral Language Somdeep Sen,John

Collins,2021-09-01 *Language* is never just a means of communication It terrorizes And especially in times of war it has the

ability to target civilians and generate fear as a means of producing specific political outcomes most notably the passive and active acceptance of state violence itself For this reason the critical examination of language must be a central part of any effort to fight imperialism militarism demagoguery racism sexism and other structures of injustice Globalizing Collateral Language examines the discourse surrounding 9 11 and its entrenchment in global politics and culture To interrogate this wartime lexicon of collateral language editors John Collins and Somdeep Sen have assembled a volume of critical essays that explores the long shadow of America s War on Terror discourse They illuminate how this language has now found resonance across the globe and in political projects that have little to do with the War on Terror Two decades after the attacks of September 11 2001 this book calls on us to resist the tyranny of collateral language at a time when the need for such interventions in the public sphere is more urgent than ever *Cinematic perspectives on international law* Olivier Corten,Francois Dubuisson,Martyna Falkowska-Clarys,2021-04-13 The proposed volume consists of an edited collection within the new Melland Schill Guidebooks on International Law MSGIL series In line with the MSGIL objective of inclusiveness originality perspectivism and critical thought the book is the first of an intended series pertaining to perspectives related to the ways in which the arts influence the perception and attitude of the public towards international law and the manner this affects the discipline both in terms of its own development and in terms of its social legitimacy The book contrasts the narratives of international law depicted in cinema and TV productions with the corresponding narratives advanced by legal scholars It identifies a cognitive dissonance between them and ascertains its implications on general perceptions of international law **Focus On: 100 Most Popular Australian Films** Wikipedia contributors, **Focus On: 100 Most Popular French-language Films** Wikipedia contributors, **MCU** Joanna Robinson,Dave Gonzales,Gavin Edwards,2023-10-10 INSTANT NEW YORK TIMES BESTSELLER Empire Christmas Gift Guide 2024 Books For Movie Lovers A superb chronicle of how Marvel Studios conquered Hollywood This definitive account of the Hollywood juggernaut thrills Publishers Weekly starred review The unauthorized behind the scenes story of the stunning rise and suddenly uncertain reign of the most transformative cultural phenomenon of our time the Marvel Cinematic Universe Marvel Entertainment was a moribund toymaker not even twenty years ago Today Marvel Studios is the dominant player both in Hollywood and in global pop culture How did an upstart studio conquer the world In MCU beloved culture writers Joanna Robinson Dave Gonzales and Gavin Edwards draw on more than a hundred interviews with actors producers directors and writers to present the definitive chronicle of Marvel Studios and its sole ongoing production the Marvel Cinematic Universe For all its outward success the studio was forged by near constant conflict from the contentious hiring of Robert Downey Jr for its 2008 debut Iron Man all the way up to the disappointment of Ant Man and the Wasp Quantumania and shocking departures of multiple Marvel executives in 2023 Throughout the authors demonstrate that the original genius of Marvel was its resurrection and modification of Hollywood s old studio system But will it survive its own spectacular achievements Dishy and authoritative

MCU is the first book to tell the Marvel Studios story in full and an essential effervescent account of American mass culture

Reimagining the Promised Land Rodney Wallis, 2020-09-17 While Israel has seemingly been a minor presence in Hollywood cinema Reimagining the Promised Land argues that there is a long history of Hollywood deploying images of Israel as a means of articulating an idealized notion of American national identity This argument is developed through readings of *The Ten Commandments* Cecil B DeMille 1956 *Ben Hur* A Tale of the Christ William Wyler 1959 *Exodus* Otto Preminger 1960 *Cast a Giant Shadow* Melville Shavelson 1966 *Black Sunday* John Frankenheimer 1977 *The Delta Force* Menahem Golan 1986 and *Munich* Steven Spielberg 2005 The mobilization of Israel that pervades this eclectic group of films effectively demonstrates one of the more surreptitious ways in which Hollywood has historically constructed and circulated dominant notions of American national identity Moreover in examining the most notable Hollywood representations of the Jewish state the book offers an informed historical overview of the cultural forces that have contributed to popular understandings within the United States of the state of Israel Israel s Arab neighbours and also the Arab Israeli conflict
