views and personal journeys They might cover how you feel when first using this energy or how to work with animals or a greater focus on distance healings Each one has a different twist containing excellent information for targeted levels and areas of interest Within the pages of this book we share with you the conventional Reiki training we were given and also tools to expand your consciousness and go beyond Aloha e komo mai Welcome and come in Malana Ashlie *The Essence of Reiki*

web refraction is the bending of light it also happens with sound water and other waves as it passes from one transparent substance into another this bending by refraction makes it possible for us to have lenses magnifying glasses prisms and rainbows even our eyes depend upon this bending of light
